# PETITION THE

Ask That Body to Help Provide Two Experiment Stations

RAILROADS FAVOR THE PROPOSITION

\$7,000 Has Been Raised and County Asked To Give \$3,000

Under the auspices of the Cena petition to the county court is being circulated and being numerously signed, asking that the county contribute \$3,000 toward the establishment and maintenance of two experimental stations, to be located and conducted by the Oregon Agricultural College. It is the intention to have one station located in the irrigated section of the county and the other in the dry section.

It is estimated that the two stations can be maintained for a period of two years for \$10,000. The Oregon Trunk Railway, the Deschutes Railway and the Portland Commercial Club realizing the importance of such a movement have agreed to give \$7,000 for this purpose if Crook county will appropriate an additional \$3,000-\$1,500 for the year 1911, LOCATED ON CORNER and \$1,500 for 1912.

If the two experiment stations are established it is the intention to maintain sub-co-operative stations in all portions of the county so that all sections will be bene-

As it seems to be the desire of a majority of the people to have the appropriation made there is little question but what the county court will grant it at the next

### A NEW STORE SOON TO OPEN

Freeberg Bros. Expect to Be Ready for Business Soon

Freeberg Bros. have their store room in the Jackson block nearly ready for occupancy, and expect to open up on or before the 15th of the month with a new, complete and up-to-date stock of groceries, ladies', men and children's shoes, and a full line of gent's furnishings.

The store room is neat and attractive and has been arranged to satisfactorily meet the requirements of the business.

The firm intends to carry the best of everything in the staple and fancy grocery line, and will pay the highest market price for

all kinds of country produce. In the shoe line they will carry the always popular and satisfac-Selz make, and in all departments of the store the prices will be made to fit the pocket book of buyers.

# Capp's Clothing

concrete foundation and basement for a heating plant. The celings will be twenty feet high, and the interior of the building will be divided off into an auditorium capable of comfortably seating 250, three class rooms and a rector's study.

The building will face south on C street and run back 79 feet on 7th street. Work on the structure is to be completed by the first of November.

When finished the building will present a handsome appearance and be one of the best appointed churches in the county. Five thousand dollars is the estimated cost of the completed building.

### Adopt Labor Saving Device

Ehret Bros. have adopted the McCaskey One-Writing System for keeping accounts in their big department store here. This is one of the most improved methods of keeping a business right Ground was broken Monday up to the minute that has yet morning for the new church the been introduced. ### TO OUR CUSTOMERS

Beginning August 1st we have adopted the McCaskey One Writing system for keeping our accounts. While this system is new to us, it has been in successful operation a number of years among the leading merchants of the country, who are unanimous in their endorsement of it. With this system we are enabled to give you an itemized bill with each purchase, which, you will readily see, prevents the possibility of any difference between you and us, for we have no record of which you have not an exact copy, because all charges will be made in duplicate.
