FREE HOG BOOK FOR THE ASKING

Spokesman Has a Number of These Books for Distribution

"Swine Raising in the Pacific Northwest" is the title of an interesting book on the raising of hogs that has been printed and distributed by the Oregon-Washington Railroad and Navigation Co. and the Southern Pacific Co.

The book is a valuable work on the subject, and should be read by every farmer and rancher who is interested in hog raising, for it will give them many pointers on the subject.

The Spokesman has a number of these books for free distribution, and anyone can get a copy free by calling at the office. We want to place a copy of this book in the hands of every hog raiser in the county.
