### Redmond and Vicinity

Holiday shopping in Redmond has already begun, and some of the stores report very satisfactory sale of holiday goods even this early in the season. It pays to shop early.

J. P. Duckett and E. M. Ashmore of Sisters, were in Redmond for a few hours last Thursday. They are engaged in the saw mill business.

W. W. Main, first trick operator at the depot here, is now comfortably installed with his family in the Cook bungalow on south 6th street.

It is understood that W. W. Aldredge is preparing to give a concert here in a short time, having enlisted the services of a number of singers of reputation.

People who are using the milk delivered by Mr. Ogg are much pleased with the service. They get no skim milk, but pure rich milk from Jersey cows, that raises good cream.

Monday, Dec. 4th is municipal election day here for the purpose of electing councilmen. Caucus tomorrow night.

Water was again turned into the irrigation canals by the Central Oregon Irrigation Co. last week after being off for a few days. If the weather keeps as mild as it has been for the past week or so it is probable the water will be kept running in the canals and ditches.

A classified advertisement is a tiresome work hunter, and seldom fails.

Of course it's a good plan to do your Christmas shopping early—and the plan is twice as good, at least, if you keep posted by reading the ads, and plan your gift-program according to the information the ads will give you.

An error has been made in the date of the Rickett's entertainment here. Instead of Saturday, Dec. 2d, the date is FRIDAY, Dec. 1.

### Typesetting Machine Will Soon Be Here

The Linotype typesetting machine The Spokesman ordered some time ago is expected to be installed in the office early in December. The delay in installation has been caused by getting the power to run the machine arranged satisfactorily. Everything now is arranged, and as soon as the machine arrives it will be put in operation. With the increased facilities which The Spokesman now has, new job presses, large paper cutter and everything run by power, the office is equipped to handle every class of printing. With the addition of the typesetting machine which takes the place of four hand compositors, the plant will be the most complete in Central Oregon, and The Spokesman will contain more and later news each week.

### Bazaar and Luncheon

All are invited to attend this event and help out the building fund of the Presbyterian church.

Frank McCaffery returned Tuesday night from Salem where he had been on business connected with the State Land Board.
