Redmond, Oregon

H. F. JONES, Proprietor

**SPOKESMAN TO PAY ALL
FOR CORRESPONDENCE**

Representatives Wanted in All Sections of County to Send in Items.

Beginning the first of April The Spokesman will pay all its correspondence for acceptable news furnished. The pay will be based on so much a running inch, the same as the city papers pay. Correspondents are wanted in every section of Crook county. News from the different sections must be live, up-to-date happenings. Here is a chance for bright people to give their section publicity, and at the same time make a little money each week. Write to The Spokesman at once if you desire to act as correspondent, and receive instructions and credentials.

**GANG OF HOODLUMS
WILL BE ROUNDED UP**

Boys Who Make Night Hideouts Are to Be Suppressed By Marshal.

There is a gang of boys and young men in the city who have been making a practice of yelling and hollering and making other objectionable noises at night between the hours of 10 o'clock and midnight. The attention of The Spokesman has been called to the matter by a number of the residents of the city. City Marshal McClay has been interviewed on the subject and he stated that he knew who the miscreants were and would put a stop to the nuisance. If the boys would not listen to a warning, he said, he would make some arrests and see

if that would not abate the nuisance. Some nights the gang make more noise than a bunch of drunken sailors, and the residents of the city are getting tired of the nuisance, and some of them have threatened to swear out complaints for the disturbers of the peace, who are all well known.

**POULTRY SHOW
SEEMS ASSURED**

Breeders of Fowls Becoming Interested in the Movement to Hold a Poultry Show Here at Time of the Annual Potato Show.

Since the publication of the story in The Spokesman last week of the movement being inaugurated to hold a poultry show here this fall in connection with the Annual Potato Show, poultry breeders in this section have begun to take an active interest in the matter, and the chances now are favorable for a poultrymen's organization. In another portion of this issue a call is published for a meeting of poultrymen, to be held here in Muma's hall, Saturday afternoon, April 6th, at 3 o'clock. At this time it is expected there will be a representative attendance of poultrymen, and plans laid for perfecting a permanent organization. Nearly all of the poultrymen of this section are improving the strain of their fowls, and importing high bred and thoroughbred fowls from other points. Considerable money is being expended in this manner in order to get the best grade of chickens. It has been suggested that the plan of holding a poultry show in Redmond be encouraged among the poultrymen of the entire county, barring no location, the idea being to get the poultry raisers in closer touch with each other. It has only been during the past year that the poultry business in the Redmond District and surrounding country has taken an impetus, and from the manner in which this industry has grown the past few months the prospects are bright for holding a high class poultry show here in Redmond this fall. In the meantime the poultry raisers should attend the meeting called for April 6th, and aid in making a permanent organization.

**HOMESEEKERS TO
SEE THIS SECTION**
(Continued from First Page.)

year as the ranchers introduce more improved methods of cultivation and understand irrigation systems more thoroughly. The possibilities of the irrigated lands in the Redmond District are unlimited and there is but one conclusion for the homeseeker to arrive at if he is desirous of bettering his condition and securing land that will deliver the goods, and that is: COME TO REDMOND AND SEE THE LANDS WE HAVE TO OFFER AT A REASONABLE PRICE.

BACK IN 1810

THE FIRST SAVINGS BANK was founded in 1810 by Good Doctor Duncan, a Scotch minister. It was not a success at the start. Many people preferred the clock, the stocking and the teacup in the cupboard for safety. Nor were they any more foolish than are many persons in the year of 1912, with all the conveniences of the modern bank nearby. These same people are the ones who are usually prejudiced against fire insurance, life insurance and the other many modern means of personal protection.

This Bank is an established business, a part of the life and business of this community. It is worthy the confidence of the people. Its officers and directors are men whose business experience is broad, their integrity unquestioned

**TEXTILE STRIKE
IS DECLARED OFF**

300,000 Mill Workers In All Lines Benefitted.

New Bedford Employees Only Hold Out for Larger Raise—Consumers Will Bear Burden.

Boston—The great Lawrence strike, which brought in its train increased wages for 275,000 textile workers in New England, was officially declared off at all the mills in Lawrence, having accomplished its purpose, in the opinion of the leaders.

It is generally believed that advances in wages or reduction in hours of paper mill employes, bagging and burlap workers, machinists and operatives in other industries, all are traceable to the movement which owed its origin in Lawrence. The number of persons thus to benefit is more than 300,000. Advances in the price of woolen and cotton goods which have been made or which are in prospect probably will place upon the ultimate consumer much of the burden of the additional cost to the textile manufacturers. This will aggregate between ten and twelve million dollars in the next year, it is estimated.

Mill agents, in announcing advance in prices, have said frankly that the upward trend is the result of wage advances.

New Bedford, where the manufacturers of the finer grades of cotton goods have refused to accede to the demands of their employes for an additional five per cent, has displaced Lawrence as the center of interest in the textile situation.

Unless the mill owners give the increase demanded within a few days, it is feared that a strike of from 25,000 to 30,000 operatives will ensue.

While an increase of five per cent has been offered, the New Bedford operatives are insistent that they receive 10 per cent.

Secretary Devolt, of the Manufacturers' association, has promised that the mill owners would decide early in the week, whether this should be granted.

The suggestion has been made that an immediate increase of 7 1/2 per cent be given with a promise of an additional 2 1/2 per cent on a given date. This may be the basis of a compromise.

ONLY HEALTHY CAN MARRY.

Chicago Cathedral to Turn Away Ailing Twains.

Chicago—Dean Walter T. Sumner of the Episcopal Cathedral of Saints Peter and Paul, preached a sermon Sunday upon the "Sacrament of Marriage," in which he made the following announcement:

"After consultation with Right Rev. C. P. Anderson, bishop of Chicago, and with his approval, Dean Sumner and his co-workers of the Cathedral of Saints Peter and Paul, have agreed upon an advanced policy with regard to the administration of marriage in the cathedral.

"Beginning with Easter, no person will be married in the cathedral unless they present a certificate of health from a reputable physician to the effect that they are normal physically and mentally and have neither an incurable nor a communicable disease.

"This step is taken only after months of study of the situation and deliberation as to its advisability. It is believed that this stand will meet with the immediate sympathy of the clergy in the church at large, all of whom have long felt the undesirability of being party to the marriage of persons who, because of their physical condition, should never be allowed to enter into the marriage state and propagate their species."

Strike's Back Broken.

Aberdeen, Wash.—That the back of the I. W. W. movement in the big mill strike here has been practically broken was evidenced by the fact that despite the hundreds of strikers who surrounded the Aberdeen Lumber & Shingle company's plant, the mill, with a full crew, is kept in operation. It is understood here that the harbor mills will resume regular operations immediately and that all employes will be Americans with families, receiving the minimum scale of \$2.25 a day.

Troops Told to Unpack.

Leavenworth, Kan.—An order was received at headquarters at Fort Leavenworth that the Seventh Infantry, which has been held in readiness to move at a moment's notice, may unpack. Every organization in the post has been in readiness for active service for almost two months. The order is construed to mean that the trouble in Mexico has subsided and that no additional troops will be needed on the border, for the present, at least.

Amundsen Will Lecture.

Washington, D. C.—Roald Amundsen, discoverer of the South Pole, will visit the United States next June. His first North American lecture on the successful Antarctic expedition will be made before the National Geographical society in Washington. President Henry Garrett received a cablegram from Captain Amundsen, accepting the society's invitation.

**JUNIPER READING
CIRCLE MEETING**

The regular meeting held on Wednesday of last week was well attended. Mrs. C. H. Irvin entertained the club members at the home of Mrs. J. A. Wilcox. Before taking up the regular program of the afternoon the ladies listened with pleasure to the instrumental music furnished by Mesdames Anderson and Irvin. The roll call brought forth some interesting quotations, after which the afternoon's study was taken up. The subject under discussion was "Kloto," and two very interesting papers were read descriptive of that city and the surrounding country. Mrs. Cline told of the ancient city, and Mrs. Herreck told of the modern. The vocal solos given by Mrs. Roberts and Mrs. Lilly were much appreciated, as were the dainty refreshments provided by Mrs. Irvin. After a pleasant social hour over the teacups the club adjourned until April 3. Mrs. Cline will entertain at that date at the home of Mrs. Sears. Members are requested to come prepared to respond to roll call with quotations from Kipling.

**BOARD BILL JUMPER
CAUGHT AT HOOD RIVER**

"Tamp" Osborne, who had been in Redmond all winter, left a few days ago for his home in Hood River, and from there he was to go to Salt Lake to join a league ball team. When he left this city he was owing Wm. Young of the Redmond Grill \$15 board bill and \$17 borrowed money, which he failed to pay. Mr. Young swore out papers in Justice Williams' court, and the sheriff wired the officials at Hood River to hold Osborne until an officer from this county could reach there. Osborne refused to pay the bill when arrested, but when the Crook county official threatened him with arrest and imprisonment he raised the money to pay Mr. Young's account.

CLASSIFIED COLUMN

Advertisements published under this head at one cent a word for each insertion. No advertisement inserted for less than 15 cents. Orders from out of town must inform us how many issues the ad is to run. Out of town orders must be accompanied by cash. Initials and figures count as words.
