SPUDS TO BRING IN BIG MONEY

Large Acreage of Potatoes In This Section Will Bring in a Good Sized Bunch of Money This Fall and Winter to the Growers

With an estimated 2000 acres in the Redmond, Powell Butte and other sections tributary to Redmond planted to potatoes, the outlook for an immense potato crop this fall is flattering.

Potato growers say the yield will go 100 sacks to the acre and an average of 100 pounds to the sack, which means 200,000 pounds of potatoes. This, reduced to money, at one cent a pound, makes the round sum of \$200,000 that will come into the hands of the farmers in the sections mentioned above.

This money will most of it come from outside points, and will show to the farmers here that the growing of potatoes is one of the most profitable industries in this section.

One important feature in connection with this large yield of potatoes is the manner in which they should be taken care of. A large frost proof ware house on the railroad right of way should be built to hold at least 100,000 to 150,000 sacks of potatoes. This is a matter that demands immediate attention.

The wise farmer will clearly see that by having his potatoes in a ware house at a railroad point he

could make immediate shipment on an advancing market, when, if he had his spuds in a pit on his farm much time would be lost in getting them to the railroad for shipment when he so desired, and he might lose a good many dollars by the delay.

It is hoped that adequate measures will be taken at once to erect a building of sufficient capacity to care for the 1912 potato crop.

CLUB SMOKER

Next Wednesday night the Commercial Club will hold a "Smoker" in Ehret's hall, and all members of the Club and those interested in the welfare of the city are asked to attend. Matters of concern to the Club and future prosperity of the city will be taken up at that time and discussed.

ADDITION OF 60 FEET TO BE ADDED TO DEPOT

The Spokesman has been informed that the Union depot at this city, which is conceded to be the best on the Oregon Trunk and Deschutes line, will soon be enlarged by the addition of 60 feet more on the north end. The enlarged portion of the depot will be used for baggage and express business.

Since the new stone depot was completed business at this point has been growing to such an extent that the baggage and express quarters have been crowded to their full capacity, and some days the baggage could not all be gotten into the baggage room.

With the addition of 60 feet it is figured that the increased facilities will be able to care for the business for some time to come.

MAN IS HURT BY DYNAMITE

EVERY BONE IN HIS FACE IS BROKEN EXCEPT HIS LOWER JAW

Harry Dougherty was badly hurt here Tuesday afternoon while blasting with dynamite. He was blasting out an excavation in the southern part of the city, and had put in a charge and retired to a distance to await the explosion. He heard an explosion and thought his charge of dynamite had gone off. He returned to the excavation and as he looked down into the hole the dynamite exploded, hurling a plank upward with great force. The plank struck him in the face, breaking every bone in his face except the lower jaw.

The explosion Mr. Dougherty heard was one back of the Hotel Oregon where workmen are excavating for a cess pool.

The injured man was taken to Dr. Hoach's office and his wounds dressed, and yesterday morning he left for Prineville. Strange to say, both of Mr. Dougherty's eyes were uninjured.

THEY WERE SUCKERS

W. W. Main, who used to be telegraph operator here at the Union depot, but is now station agent for the Oregon Trunk at Sinomox on the Deschutes river, is having the time of his life catching fish this season. The other day he wired Depot Agent Baukol here that he was sending him

up some fine trout on the train. The fish came all right, but when Mr. Baukol opened the package he saw the "trout" were fine specimens of suckers.

IS A GOOD BOOSTER

Alfred Munz, the hardware man at Jackson's old stand, is a booster with a big B. He is getting a number of people in Minnesota in the potato growing section, interested in the Redmond District, and is sending out a large amount of literature pertaining to this section to people as far away as Germany and Spain.

The class of people Mr. Munz is in touch with are people with means, who would be a welcome addition to any community.

MEMORIAL SERVICES AT CHURCH SUNDAY

A memorial service will be held at the M. E. church next Sunday, Rev. J. M. Crenshaw officiating. A program of special music has been prepared for the occasion. Following is the order of exercises:

Song—"Oh, for a Thousand Tongues to Sing," by congregation.
 Song—"Faith is the Victory."
 Prayer.
 Anthem—"Our Fellow Comrades"
 Scripture reading.
 Male Quartet—"Soldiers, Rest in Peace."
 Announcements and collection.
 Song by Choir—"Forward Go."
 Song—"Onward, Christian Soldier."
 Sermon.
 Song—"All Hail the Power."
 A special invitation is extended to the old soldiers, Ladies Relief Corps and Sons of Veterans to be present.

Mendenhall's

JOY RIDERS IN AUTO ACCIDENT

THEIR ADVERTISEMENT BROUGHT IN RESULTS

MACHINE GOES OFF THE GRADE A SHORT DISTANCE FROM LAIDLAW

News was brought to this city last Sunday by a Laidlaw resident that a party of auto joy riders from Bend consisting of four women from the tenderloin district there, with the driver, had gone off the grade and fell into a ditch about half a mile from Laidlaw.

The accident happened about one o'clock Saturday morning. The machine turned a complete somersault, it is said, and two of the women were so badly hurt that they had to be taken to the hospital. The other occupants of the machine were somewhat bruised and shaken up, but sustained no serious injuries.

Assistance was secured at Laidlaw for the injured people and they were hastily taken to Bend.

It is understood the joy riders were on their way to this city when the accident happened.

SCHOOL NOTES

Returns from the 8th grade examinations have been received. Owing to the school opening late last fall the pupils have had but 25 weeks of class work to prepare for an examination covering 36 week's work. We feel gratified that the averages reached the high eighties and up into the nineties. With earlier opening next fall our schools will make an enviable record.

The weekly spelling contest for which Principal Thompson has offered a Student's Standard Dictionary, stands: Evelyn Smith, two; Nellie Covert, one; Ruth Covert, one.

Reviews for finals are well under way.

Many of the pupils are raising vegetables and chickens for exhibit at the county and state fair. These exhibits will be shown in the local school fair first.

LIBRARY NOTES

The May Day dance given by the Library Association netted \$35.50 for the book fund.

Members of the Library Association are requested to send in a list of books they would like to read. From these lists the librarian will order books as funds are available.

The Public Library will be moved from its present location in the Commercial Club rooms. Notice will be given later as to the new location.

The Spokesman is in receipt of a letter from Hackleman & Engstrom, the cattle men at Barns, this county, about 60 miles from here. This firm has been advertising their cattle for sale in The Spokesman, and wrote that they were well pleased with the results obtained from the ad—that they had sold off most of their stock and when they had more to sell they surely would use the columns of The Spokesman to let the public know what they had to offer.

What The Spokesman has done for the above firm in the way of publicity and obtaining results, it can do for others. We invite inquiries as to rates for advertising, and the best way to reach the buyers. Our experience in the advertising field is at the command of advertisers.

If you have something to sell or if you want to buy something, let The Spokesman tell the public about it in a convincing manner.

THREE GUESSED SAME

Three persons, Miss Laura Jones, Ray Osborne and Donald Burleigh, made the right guesses as to the number of packages of chewing gum in the fish jar at Mendenhall's that he advertised to award a silver set of 26 pieces for the successful guess. The right number was 239. Guesses ranged from 100 to over 1000.

TAKE TRAINS HERE

Many people from Lakeview and the country in that portion of Lake county come to Redmond over the auto lines and take the train from here for Portland. Though Lakeview has a railroad the people there find it cheaper and quicker to come to Redmond and use the railroads out from here than to patronize their own line and have to go in a round about way.

PRINTING COST INCREASED

The Spokesman this week received notice from the wholesale paper houses at Portland that all kinds of printer's stationery had advanced 'n' price, and that all former prices had been cancelled. With the increased cost of printer's stationery the offices will necessarily have to put on an advanced price for all classes of job printing.

A man of sense does not require a policeman at his elbow constantly; a sensible man is his own policeman, and knows it doesn't pay to violate the ordinances.

In Mexico a day's work is a half hour's practice with a pistol or rifle. Don't be a joke on yourself.
