

## DE LAVAL CREAM SEPARATORS

**Those Who KNOW Buy De Laval Separators**

More Than 1,375,000 Now In Use

**Creamerymen**—Because they are experts in the handling of cream and know by long experience that the De Laval skims cleanest and wears longest. That is why 98% of the World's creameries use the De Laval exclusively.

**Experienced Dairymen**—The De Laval is the universal favorite among big dairymen. They know that no other separator will give them such satisfactory service.

**Old De Laval Users**—Whenever a man who has used an old model De Laval decides to purchase a later style machine he invariably buys another De Laval.

**Men Who Investigate**—If anyone takes the time to investigate the merits of the various cream separators, either by finding out from other users what kind of service their machines have given or by testing other machines out against the De Laval, the chances are a hundred to one that his choice will be the De Laval.

More De Laval machines are in use than any other make. There is a reason. Come in and we will tell you why.

Easiest to turn, easiest to wash, skims the cleanest lasts the longest

#### POWELL BUTTE

June 11.

Mr. and Mrs. Frank Kissler of Redmond, visited Saturday with Geo. Kissler and family.

Mr. and Mrs. Roy Shurtum, accompanied by Merton Shurtum, arrived in their auto from Portland last Thursday. Their objective point is Crater Lake where they expect to spend the summer camping. The gentlemen are brothers of Mrs. E. N. Hall, and visited at that home until Monday. The Shurtums traveled through Sherman and Wasco counties since leaving Portland and said that vast tracts of land which last fall were covered with sage brush are now fine grain fields.

A. H. Rohde and "Bob" Golden spent several days above Bend last week where they went to get poles with which to erect hay stacks for their large hay crops coming on. These gentlemen are among our largest hay producers and find the erection of stacks a positive necessity.

The cross arms and other material for the new telephone line are being hauled into this section and distributed.

Since the farmers here have turned considerable attention to dairying the mail man has been hired to convey cream from along his route to the creamery in Redmond. The cans give his conveyance the appearance of a creamery wagon rather than a rural U. S. mail carriers' outfit.

Rumor has it that we may get a cheese factory in this section soon. This location could't be beat for that purpose, as can be seen by any person interested along that line.

P. Burns & Co. had a man buying up beef in this locality last week.

#### CLINE FALLS

June 10.

Mr. Rucker said he could almost see his corn grow after the rain last Friday.

Mr. Bishop made a fine catch of trout Saturday, and gave his neighbors an excellent treat.

The temperature of the river now is 57 degrees, only 7 degrees below its temperature during the hottest period of the summer last year.

The Beckwith brothers planted a forty acre tract to potatoes last week. Leslie Wright is putting in potatoes on Mr. Boldstead's ranch.

Lightning played a few pranks in this vicinity last Friday. It struck in Lloyd Harader's barn yard, and burned the batteries out of the telephone in I. L. Harader's house. No damage was done otherwise.

Mr. Van Buskirk and family left Thursday morning of last week on their trip south. They are going in by the way of the Silver Lake country.

Mr. and Mrs. J. E. Brown and daughter visited Sunday at the W. A. McClain home.

Mr. and Mrs. Mohler and family spent Sunday at the Beckwith's.

Mr. and Mrs. Frank Miller and Kirk Whitely were entertained at J. A. Vosburg's Sunday.

#### PLEASANT RIDGE

June 12.

This part of the county was visited last Friday afternoon by a severe thunder storm. A large amount of rain fell, which tended to make the farmers feel good.

There is quite a lot of fruit set on the trees around here, and all indications point to a good apple crop this year.

Mrs. Fred Sherwood and Mrs. Hall attended a meeting of the M. E. Ladies Aid in Redmond Monday.

Mrs. Lawson visited with Mrs. Hall last Saturday.

Chris Huff, who has been visiting with the Hunter family the past week, accompanied the Hunter boys to the peninsula for a few days outing and camping.

Fred Sherwood says his brother Ralph, who is in Portland, is having the time of his life, eating strawberries and taking in the sights of the Rose City. Ralph has sent his brother some of the luscious strawberries from Portland to sample.

Frank Hensley made a business trip to Portland this week.

Mr. and Mrs. Wood, Miss Glover and Glen Cox visited at the Only Ranch Sunday.

#### K. P. SOCIAL SESSION

The K. P. lodge of this city will hold a social session in their hall next Monday evening right after the regular lodge work is concluded. Strawberries and other good things will be served by the Sir Knights to make the occasion an enjoyable affair. All Knights are asked to attend and help contribute to the sociability of the evening.
