

DE LAVAL CREAM SEPARATORS

Save Their Cost Every Year of Use

First in 1878
First ever since

If you are thinking about buying a cream separator, and have only a small amount of ready cash to invest, don't be tempted to put your money into one of the so-called, "cheap" machines.

Why pay your hard-earned money for a "cheap," trashy machine, when you can buy a reliable De Laval upon such liberal terms that

It will more than earn its cost while you are paying for it.

When you buy a De Laval you have positive assurance that your machine will be good for at least twenty years of service, during which time it will save every possible dollar for you and earn its original cost over and over again.

If you purchase the so-called "cheap" separator, you must pay cash in advance and then take the chance of the machine becoming worthless after a year or two of use, to say nothing of the cream it will waste while it does last.

More De Laval machines are in use than any other make. There is a reason. Come in and we will tell you why.

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest

SOONER OR LATER YOU WILL BUY A DE LAVAL

Hot Lake Sanatorium

Hot Lake Sanatorium offers much to health and rest seekers. The great boiling mineral spring provides naturally medicated water and mud containing medicinal properties of great value. The 300 room Hotel Sanatorium affords ample accommodation. Use of the water is prescribed according to the needs of the patient, determined by skilled diagnosis. The result is, the Hot Lake Sanatorium is really a cure place. Thousands who have suffered from rheumatism, blood, skin, stomach and kidney disorders have found relief and permanent cure there. The rates are made to conform to the requirements of all classes. Open the year round. Hot Lake is located in Union county, Eastern Oregon, is the heart of the Blue Mountains, directly on the main line of the Oregon-Washington Railroad & Navigation Co., and can be conveniently reached from any railroad point in the Northwest. Special reduced round trip fares are made from all points on the O-W. R. & N. Write for free booklet to

THURSDAY, JULY 11, 1912

.....

The province of a newspaper is to get all the advertising it can. If advertising cannot be gotten in one locality, other fields must be canvassed to get the business.

The columns of The Spokesman are open for advertising for any reputable business concern any where.

.....

A Good Piece of Work

It is with pride that The Spokesman points to the new directory of the Deschutes Mutual Telephone Co. issued this week. The work was all done in this office, and 95 per cent of the composition on the book was done on the linotype type setting machine. Without this machine, which is one of the latest models, the work of getting out the directory by hand composition would have been a difficult task.

The directory is as good a job of printing as could be turned out from any large city office, and shows that The Spokesman office is at all times in a position to do clean, high grade printing.

PLEASANT RIDGE

July 8.

Every one in this locality is busy making hay.

Rasmus Peterson has recently bought a new mower and hay rake with which to harvest his fine crop of clover hay.

The warm days are giving the gardens a better look.

Mr. Coriel and family arrived at their new home a few days ago, having recently traded ranches with Mr. Hensley. Mr. Coriel lost a team of horses in the Redmond livery fire last week.

Several autos were stuck in the mud near Rasmus Petersons Sunday. The Swalley ditch broke out and caused quite a big mud hole. But it is an ill wind that blows nobody any good, so Rasmus thinks, as he was kept busy with his team hauling the autos out of the mud.

A number from this vicinity went to Bend to celebrate the 4th, and some of them report not having as good a time as expected.

Mrs. Hall visited with Mrs. Lawson over Sunday.

Mr. and Mrs. Sherwood visited at The Only Ranch Sunday. Mr. Joansen has been visiting at Rasmus Peterson's the past few days.

R. Torp of San Francisco is visiting with Chris Peterson.

A pleasant party was given at the home of Mr. and Mrs. Fleming last Wednesday in honor of her birthday. Those present were her parents, Mr. and Mrs. Schudel, Mr. and Mrs. L. E. Smith, Mrs. Mador and Miss E. Schudel.

POWELL BUTTE

Haying is on in full blast in this section and all hands and the cook are busy. What with this bit of manual labor, added to a program containing but few idle moments, it can truthfully be said "we are as busy as cranberry merchants."

There was a well attended meeting of the Central Ore. Irrigation Co. Water Users' Assn. held at Powell Butte Station Monday afternoon. Members from various points were in attendance and much business of importance came before the meeting. The officers of the association are located at Bend, but owing to matters of particular interest to the farmers in this locality the meeting was held with us at this time.

Several families gathered at the N. B. Golden home Thursday morning with well filled baskets to join that family in

an old fashioned out door picnic dinner. A long table was improvised in the shade of some gigantic junipers, and if there were any dyspeptics present they forgot their ailments for the time. After dinner all joined in foot races and other outdoor sports.

E. A. Bussett and family visited at Bend for several days the past week.

Mr. and Mrs. Geo. Kissler and family visited with relatives at Redmond a couple of days last week.

Mr. and Mrs. E. N. Hall went fishing on the Deschutes last Thursday.

It is rumored that Mr. Bussett is about to sell his beautiful home place here. While we wish for the Bussett's all prosperity, we are too selfish to wish them this change and sincerely hope they may not leave this community.

The many local friends of Mr. and Mrs. Davidson will be sorry to learn of their heavy loss in the recent fire at Bend. Mr. and Mrs. D. lived above their barber shop and when the fire started were unable to save any of their household goods or any clothing. They are especially grieved over the burning to death of a fine dog. Mrs. Davidson taught the Butte Valley school here last year, and they have a homestead in this section.

Mr. and Mrs. J. J. Chapman and baby enjoyed a day of outing on the Deschutes last week Thursday.

Now that our phones are installed the local correspondent for The Spokesman, "Mrs. Truesdale," will be grateful for any items of interest that may be phoned her by neighbors.

Four Day Carnival

The Miller Amusement Company will give a four day exhibition at Redmond, commencing July 10th and continuing 11th, 12th and 13th. They carry six big shows and have each day three big acts, consisting of Prof. Coby in a balloon jump daily, and a slide for life before each performance, and the Zan Tolas troupe of high wire bicyclists, who give a performance each day.

Col. Case, the expert rifle shot with the show, was a scout in the 7th Cavalry under General Custer at the time of the big massacre, and carried the last message the general wrote before the massacre.

IMPORTANT NOTICE TO DAIRYMEN

The Terrebonne Cooperative Creamery has been organized and will be completed at once.

We will pay Portland market price for butter fat, less actual freight charge for shipping butter to Portland.
