Tea is so
cheering.
Jacob

Nov. 9th.

DEAR FRIEND:

I usen'tto like tea but I like it now, because we get good tea, Preferred Stock Japan, and Hivilla Black Tea for 50 cents a pound, and my, it tastes so good.

When you buy it you can tell it by the smell. When I came home from school today I came by the grocery and got a pound of Preferred Stock Japan and some lemons and some cookies, because mama had a little tea party this afternoon.

Your friend,
JACOB.

P. S. We never, never thing of going for our groceries but to

RUSH WORK ON

(Continued from 1st page)

tire method of farm labor, and we in the Redmond District will reap the full reward of these modern methods. The eye of a "Seer" is not necessary to see the bright future for Redmond. These are the points that tell the story: Here where climate and soil blend, under irrigation to produce bountiful crops, Central Oregon is growing, and growing fast. And the growth has causes. The opportunity for the investment of small or large capital is here written in large letters.

TWO LIGHT COS.

(Continued from 1st page)

and power purposes by Jan. first. The franchise as introduced calls for a term of 50 years. His rates for lights were placed at 50 cents per drop light of 16 candle power, or 15 cents per kilowatt hour on the meter system. No charge was specified for power purposes.

The other franchise was very indefinite and meager as regards details of construction and operation and made no provision for time of beginning work on the plant entering the city or being in readiness for operation, or as to what the charges for light and power would be.

Final action on both ordinances will be taken at the next meeting of the council, Nov. 26th.

A Cook's Accidental Discovery.

One of the best ways of cooking potatoes was accidentally discovered through the unexpectancy of a train. When the line from Paris to St. Germain was opened the first train carried an official party for whom lunch was ordered. The meal was fixed for noon, and shortly before that hour the potatoes were put on to fry. A few minutes afterward a message came that the train would probably be delayed for an hour, so the potatoes were taken off the fire, but left in the pan. Then came a second message, "Train just arriving," and the potatoes were hurriedly put back to fry again. When the party sat down to lunch the potatoes were brought on with the steak. Each chip was then found to be blown out like a small, crisp, golden balloon to the delight of the guests. The cook without knowing it had invented pommes de terre souffles.

BEND FOOTBALL SQUAD IS SOME DISFIGURED

RECENT GAME HERE LAD UP
SEVERAL OF THE BEND
PIGSKIN ARTISTS

The Redmond football squad had a date scheduled to play with Bend on the 28th, but the game has been called off, as the following letter will show:

Bend, Or., Nov. 12.

Geo. Jackson, Mgr. Redmond Football Team.

Dear Sir: The boys have gone back on foot ball; one of them is still carrying his arm in a plaster cast as the result of our game with you a week ago, and another has not been able to get out to practice, and probably will not be able to put on a suit again this year, as the result of the same game. We tied Prineville on Saturday but found ourselves so crippled that we were unable to make a respectable showing at all. The boys therefore wish me to express regrets, but think it will be out of the question to do anything more with football this year. Cordially,

J. B. SHOUSE.

POWELL BUTTE

Nov. 13th.

J. J. Chapman's barn was destroyed by fire Monday noon. Loss covered by insurance. The fire was the result of hot ashes and sparks blowing from a fire some distance away where Mr. Chapman had been burning bones for his chickens.

Mrs. Mollie Patton who has been visiting her brother, N. P. Alley and family, left Monday for her home in Portland.

Geo. Kissler and Porter Heath were Prineville visitors Wednesday. R. A. Bowman, salesman for the Pacific Nursery Co., is doing business with our farmers this week.

Mrs. N. B. Golden returned Wednesday from a two weeks' visit in Portland.

Henry Edwards took a load of wheat to Bend Friday.

The Geo. Meyer place recently vacated by Frank Smith, has been leased to Geo. Haven and Perrell Osburn. The latter gentleman expects to move his family on the place soon.

Mr. and Mrs. Frank Bayn left Tuesday for Hood River for a brief visit.

Frank Kelly of Sisters, was visiting in this section Saturday and Sunday.

Frank Smith and family moved to Bend Friday where Mr. Smith has work on the ditch construction.

Powell Butte residents are unanimous in their thanks to telephone manager Miller of Redmond, and his local operators for their work in keeping our people in touch with the late election news. A large majority of the folks sat up until a late hour Tuesday night listening to the returns, and some of the more enthusiastic sat up all night taking the returns as given over the phone. Each phone subscriber contributed a share toward the expense incurred by the company in sending out the returns, and all feel amply repaid by the splendid service rendered.

C. H. Fry spent several days this week in this locality disposing of shares in the proposed ware house to be built at Redmond this fall.

Mrs. Alice Sears, who has been ill at the home of her daughter, Mrs. D. A. Yates, is reported as improving.

Miss Alma Johnson who is attending high school at Prineville, visited Saturday and Sunday with her father and brother.

Frank Kelly and A. H. Rohde were visitors at Prineville Monday.

Thos. Houston moved his family on their ditch forty last week.

While hunting last Sunday Allen Wilcoxon and Bert Reynolds killed 52 rabbits. This, they say, is a record day's shooting and they challenge others to surpass it. A rabbit drive soon would be fine sport as well as a slaughter of the pesky pests who destroy so much for the farmers in this section.

Reeves Wilcoxon is making preparations to build on his forty. It is thought by the knowing ones that he has employed a lady architect. However, Reeves is very reticent on the subject.

The Perrell Osburn home was the scene of a delightful party last Saturday evening, when that family entertained neighbors and friends in anticipation of their removal to their new home on the Meyer place. After an evening passed in conversation and games the hostess served a delicious oyster supper.

SEND IN YOUR CROP REPORTS

SPOKESMAN WANTS REPORTS

FROM ALL SECTIONS
OF THE COUNTY

In another section of this paper is printed a blank form to be cut out and filled in by farmers, giving their crop reports for 1912. The Spokesman desires to get as many of these reports for publication as possible—as a basis for statistical information in regard to the crop production of Crook county and the Redmond and Powell Butte Districts in particular. A few minutes time on the part of the farmer will suffice to fill out the report or any other information he may desire to send regarding his 1912 crop.

TERREBONNE STORE NEARLY BURNS OUT

PROMPT WORK OF FIREMEN IS

ALL THAT SAVED W. A.

PICKETT'S STORE

Terrebonne Oregonian, Nov. 7th: What might have proven a very disastrous fire was nipped in the bud Tuesday by prompt and effective work on the part of Terrebonne people. About 10 o'clock in the morning smoke was seen issuing from W. A. Pickett's store building on B avenue facing the depot, and in double quick time a crowd of people was on the ground to do battle with the flames. The doors were broken in and water applied by hose and bucket. At first it was very difficult to locate the flames owing to the density of the smoke, but the water thrown promiscuously was effective and in a very few minutes the workers were enabled to get inside of the building, after which it only required about ten minutes' time to get the fire under control. Had the fire ever burned through and got on the outside of the building it would have been impossible to stop it, and the loss would have been complete. As it was, everything in the rear of the building was destroyed and the goods so badly damaged as to be practically unsaleable. The cause of the fire is unknown.

Nothing to Advertise—

People are coming to realize that the store which has nothing to advertise has nothing to repay a shopper for their time in visiting it. Only the offer of real values makes store advertising worth while for the store, or worth the attention of the ad reader.

Spokesman Classified Ads bring results. Try them.
