DEAR FRIEND:

Mama said this morning she was very thankful because there was a first class grocery in this town. She never has to send anything back she gets from there because they won't send out anything that is not of the best.

We get all of our nuts, and celery and cranberries and everything for Thanksgiving at this one place.

Your friend,

## SEND IN YOUR CROP REPORTS

SPOKESMAN WANTS REPORTS FROM ALL SECTIONS OF THE COUNTY

In another section of this paper is printed a blank form to be cut out and filled in by farmers, giving their crop reports for 1912. The Spokesman desires to get as many of these reports for publication as possible—as a basis for statistical information in regard to the crop production of Crook county and the Redmond and Powell Butte Districts in particular. A few minutes time on the part of the farmer will suffice to fill out the report or any other information he may desire to send regarding his 1912 crop.

## CROOKED RIVER IS

(Continued from 1st page)

there are only two or three in which there are complicated questions for the decision of the Board of Control. Not only the farmers but also the business men of all classes are interested in these settlements of water rights. It reduces the use of water to a system; it makes the farmers more secure; it makes loans better; it harmonizes the community. The whole country is taking a forward step in its development.

## BRIGHT FUTURE FOR THIS CITY

SEASON OF 1913 WILL BE BANNER YEAR FOR THE "HUB CITY"

The Way to Get This Prosperity Is for All to Get Together and Boost for Betterment of the City

Every indication points very forcibly to 1913 as the most prosperous year this country has ever seen. The Portland Oregonian in its issue of November 16th, editorially has this to say:

"New industries, sound prosperity and stimulated business activities, fully refute those anti-election calamity predictions."

As the Oregonian is recognized as the leading republican organ of the northwest, the above editorial comment on the probable result from the sweeping democratic victory on November 5th is good news to the business man, farmer and investor.

Will Redmond grasp the opportunity NOW to make this the real "HUB" and business center of Central Oregon?

Nothing can prevent Redmond from becoming the real "HUB" in fact, as well as in name, if the people now here will only pull together for the upbuilding of Redmond and the Redmond country.

Let's put more ginger into our Commercial Club. Let everybody say for himself: "I will not only become an active member of the Club, but I will use all my influence in inducing others to join."

For 1913 let us eliminate all personalities and petty jealousies; let us frown down on the calamity howler and knocker and let everybody BOOST. The only way to help yourself and the town along is by boosting. Wear a bright and hopeful face. Do not be forever roosting near the walling place. You cannot help your town by knocking anybody.

When the new city officials are elected by a majority of the voters of the town, support them to the best of your ability, even if some of them are not your choice. Remember they are the choice of the majority.

Don't keep yourself in a backward groove, but remember some optimistic talking does a lot to help things move.

In the history of Los Angeles, Cal. the following account of how the town stood in one period of her history, shows what can be done:

"In the mud this town was sticking. Evidently anchored there. For her people were all kicking. All were dishing up despair. All were groaning o'er their taxes. Shedding tear drops in a stream; All had hammers, clubs and axes, Ready for each helpful scheme. So the village sat and rotted Till a booster landed here; Soon the trouble's seat he spotted, Saw the fungus in the air, And he jarred our village croakers; Stirred them up to hump along, Till the place was full of jokers And the breeze was full of song. Citizens forsook the habit Of bewailing this and that, And the timid business rabbit Rustled like a tiger cat, And we all turned in kerwhopping, Singing forth the hamlet's praise, And this hamlet lately drooping Filled its neighbors with amaze. Now, this story, true as preaching Shows what one lone man can do, If instead of doleful screeching He yells "cock a doodle do." For you stimulate your neighbors Every time you give three cheers, And the harvest of your labors Will be reaped in coming years"

Geo. Hobbs moved onto his home place last week, and is now busy in making a number of needed repairs.

Miss Gladys and Hazel Bayn and Lloyd Bussett visited home folks on Saturday and Sunday, returning to Prineville Sunday evening, where they are attending school.

A number of our farmers are busy now a days hauling hay and grain to Bend and loading lumber for the return trip. Those going the past week were Geo. Hobbs, N. P. Alley, W. S. Mustard, Geo. Brazee, Alvin Riggs, Reeves Willcoxon, Bob Golden, J. L. Gibson, John Tangman, Henry Edwards and Lee Hobbs. Bill Brown lost a valuable cow last week from bloating on potatoes.

Pearl Fulkerson sold his beautiful 80 acre farm Monday to J. A. Warner of Idaho, who will take possession Dec. 1st. The many neighbors and friends of the Fulkerson family will regret to learn of their intended departure.

A large number of Powell Butte farmers attended the Farmers' Union meeting in Redmond last Saturday.

George Bayn received a telegram Saturday from his parents who are visiting in Hood River, saying they were having a delightful time and had decided to prolong their stay. They will probably visit in Portland before returning.
