REDMOND, OREGON

November 27.

DEAR FRIEND:

I don't think there is anything as nice for dessert at supper than two nice big slices of canned peaches. The juice is good, too. Mama has canned peaches or canned something for dessert very often because it isn't any trouble.

Your friend,

JACOB.

P. S. You can get whole big cans of peaches or any other kind of fruit at

## POWELL BUTTE

Nov. 26.

B. F. Zell and wife of Prineville, visited the former's sister, Mrs. Henry Edwards and family last week, leaving later for Pomeroy, Wn., for an extended visit with Mrs. Zell's friends.

Lindquist and son of Tacoma, are recent additions to Powell Butte society. Mr. Lindquist bought eighty acres of land near the Wallace Smith place and will remove the remaining members of his family down as soon as a house is built.

Geo. Haven is building an addition to his house.

Earl Forrest recently rented the Frank Foster place up the river bed and will try his hand at farming the coming year. Mr. Forrest left last week for Bellingham, Wn., where it is said there are strong attractions for him, and his return trip is not likely to be a lonely one.

Geo. Hobbs went up to the Stanley, Davenport ranch Sunday.

Bert Reynolds left Monday for the alfalfa country where he will operate a hay baler for a while.

A. W. Bayn, wife and family, Miss Helen Peery and J. A. Riggs were Sunday guests at the Bussett home.

S. P. Hamilton, who recently purchased land in this section, is building his house and will move his belongings out soon.

Mrs. Allen Willcoxon visited Sunday with Mrs. Davidson at Butte Valley.

E. N. Hall completed a barn on his place last week.

Mr. and Mrs. Frank Bayn returned home Friday from a trip to Portland and other valley towns. The Bayns were looking for a location, having recently sold their farm. They, however, were glad enough to get back to sunshine and Powell Butte after ten days of continual rain, and it is not unlikely they will reinvest here and remain with us.

Mrs. Joe Shearer was a Prineville visitor Saturday.

Mrs. N. P. Alley has been quite ill the past week.

Mr. and Mrs. J. J. Chapman welcomed a fine baby girl to their home Monday morning.

Perrell Osburn moved his family to the Geo. L. Meyer place Saturday. Mr. Meyer had a two room addition put on the house which makes a comfortable little home for the Osburns.

Two auto loads of Redmond sportsmen, reinforced by several local crack shots, made the population of Rabbitdom look sick for a time last Sunday. The hunters enjoyed themselves immensely and left for home in the evening minus some ammunition, but with a delicious chicken dinner and a day's sport to the good. Powell Butters were minus

a couple hundred destructive rabbits while hospitable Mr. and Mrs. S. D. Mustard were minus a chicken dinner for twenty people.

Allen Willcoxon had the misfortune to lose a valuable mare in town Saturday, the result of a runaway. The team became frightened while left standing at the depot and ran until they collided with a pile of lumber in the rear of the Tum-A-Lum Lumber Co's. yard. The collision killed one mare almost instantly.

Shepherd school is being refitted with a number of new desks and some new blackboards. This was a much needed improvement as the accommodations were altogether inadequate.

S. D. Mustard bought three fine Holstein heifer calves from Lee Hobbs last week. Mr. Mustard intends to keep these promising youngsters for future use in the dairy business.

Earl Saunders was elected a director on the board of the Mutual Telephone Co. last week. This will be good news to phone users as Mr. Saunders will always be found at his post, and with a reasonable solution for all telephone difficulties.

Mrs. J. W. Brewer and Mrs. Wm. G. Phoenix of Redmond, visited at the S. D. Mustard home Sunday.

The Powell Butte champion rabbit destroyers were also in the field Sunday and report a slaughter of 98 rabbits with four guns.

Mr. and Mrs. J. F. Rice and Mr. and Mrs. Glen Mustard spent the day Sunday at the S. D. Mustard home.

Mr. and Mrs. Wallace Smith and family visited at the G. C. Truesdale home Sunday.

G. L. Brazee was a Bend visitor Monday.

Allen Willcoxon took a load of wheat to Deschutes Wednesday.

**A Dark Dungeon.**  
About the middle of February, 1922, while in winter quarters, General Negley of Pennsylvania, who was a strict disciplinarian, was in command of the First brigade, of which the Second New Hampshire was a part. He thought the guardhouse of the Second regiment too comfortable quarters for prisoners and ordered Colonel Marston, who later won fame as a soldier, lawyer and statesman, to build a dungeon without so much as a crack or opening anywhere, so that it should be perfectly dark. The dungeon was built with four solid walls, and one day General Negley came over to inspect it. He was accompanied by Colonel Marston. "Where is the entrance," said the general, "and how do you get anybody into it?" "Oh," said Colonel Marston, "that is not my lookout. I simply obeyed your orders."

The Spokesman for good printing.

## TAXATION LAWS AS RESULT OF ELECTION

Governor West Outlines Constitutional Restrictions on Collecting Revenues

According to an outline prepared by Gov. West the following constitutional restrictions on assessment and taxation exist in the state as a result of the recent election:

No tax or duty shall be imposed without the consent of the people or their representatives in the Legislative Assembly.

Taxes shall be levied for public purposes only.

The power of taxation shall never be surrendered, suspended or contracted away.

No poll or head tax shall be levied or collected.

The Legislature shall provide by law for uniform and equal rates of assessment and taxation; and shall prescribe such regulations as shall secure a just valuation for taxation of all property, both real and personal, excepting such only for municipal, educational, literary, scientific, religious or charitable purposes, as may be specially exempted by law.

All taxes shall be uniform upon the same class of property within the territorial limits of the authority levying the tax.

The Legislative Assembly shall not declare an emergency in any act regulating taxation or exemption.

A man's estimate of his prospects or his popularity is as unreliable as a candidate's estimate of his majority a week before election.

People who have a good thing are very apt to ask for a better.

## FEARS A SHORT

(Continued from 1st page)

of the normal. The crops in Idaho were cut down from what they might have been by late frosts, and two or three growers near Idaho Falls told me that their crops would not exceed ninety sacks to the acre.

"The big trouble with the potato grower in the west is that he isn't prepared to keep his crop, but has to rush it to the market at a loss. If he would prepare potato cellars or warehouses so that he could hold for six or eight months he could harvest it quicker and more safely and would be in no danger of losing on account of a car shortage. As it is now, the railroads are expected to handle the crops in about a month.

"In co-operation with members of the instructing staffs of the agricultural colleges of Utah and Idaho I expect to make a tour of Idaho and Utah for the purpose of educating the farmers. We will go through the potato districts of the two states and show the farmers how to build their potato cellars and explain the good that they will derive from them. Another object of our trip through the two states will be to explain the nature of different potato diseases, how much damage they can do if allowed to get started, and how to prevent them."
