

PAISLEY NATIONAL BANK

(Organizing)

Notice to the Public.

I have been authorized by the Comptroller of the Currency at Washington, D. C., to proceed with the organization of the Paisley National Bank, to be established at Paisley, Lake county, Oregon, the Comptroller having received letters commending the project from Governor Oswald West of Oregon, and from United States Senators George E. Chamberlain and Jonathan Bourne, jr. and others.

The Bank will begin business with \$25,000 capital, consisting of 250 shares of \$100 each; and

Its Officers and five Directors will be prominent and responsible business men of Paisley and vicinity.

There is at present no bank at Paisley, the nearest bank being more than 40 miles distant, at Lakeview, Oregon. Paisley is growing rapidly, and it is believed that a National Bank, conducted upon STRICTLY BUSINESS PRINCIPLES, will pay its share holders good dividends after the first year.

To secure the largest volume of business, it is desired by myself and associates, that the 250 shares of capital shall be owned as widely as possible throughout Central Oregon, therefore the undersigned reserves the right to refuse all subscriptions offered in excess of five shares from any one person, and all subscriptions after the 250 shares have been taken.

Payment for shares, from accepted subscribers, may be made on or before March 1st, 1913, to a National Bank at Portland, Oregon, to be selected, and temporary receipts will be given to subscribers until certificates of stock are ready for issue.

It is unlawful to receive subscriptions from corporations, firms, or associations, but only from natural persons—men and women over 21 years of age—competent to hold property in their own names.

Readers of this newspaper desiring to subscribe, are invited to write for further information, indicating the number of shares they desire to take, to

George M. Bailey,
601 Yeon Building,
Portland, Oregon.

NOTICE—All letters will receive reply after Feb. 1, 1913.

CITY HAS PLENTY OF COIN

The report of the city treasurer of Prineville shows a balance in the treasury on the first of the year of \$5,238.01.

What we get is not satisfactory; it's only the best we can do.

NEWSY HAPPENINGS AT POWELL BUTTE

CORRESPONDENT GIVES A GOOD BUNCH OF ITEMS FROM ABOVE SECTION

January 13.

Mrs. Allen Laudfare and daughter Beulah came in from Alma, Iowa, Tuesday. The Laudfares will make their home in this locality, having recently bought the E. A. Bussett farm.

Last Monday evening while returning from Prineville Chas. Charlton had the misfortune to have a run away. The team became frightened as the wheels of the buggy missed a bridge over a ditch crossing, overturning the vehicle and throwing Mr. Charlton to the ground with considerable force. His injuries were not serious, and after being confined to his house for a few days nursing his bruises, he is out again. One of the horses wasn't found until several days after the accident.

Bert Reynolds went to Sisters Tuesday to look over that burg with a view to opening up a barber shop. He returned Thursday with a bad case of cold feet. He was evidently looking for a young metropolis, and was disappointed.

"Bob" Golden delivered a load of dressed pork Friday to the Redmond meat market.

C. H. Miller, the telephone man, was in this section last Wednesday adjusting some of our telephone difficulties.

Geo. Morgan has struck a good flow of water in a well on his place. Mrs. Chas. Charlton and son Chas. Jr., left Friday for Salem where they will make an extended visit with Mrs. Charlton's mother, Mrs. Sperry.

Mr. and Mrs. Frank Smith, former old timers of this section, were visiting friends here the latter part of last week, returning to their home in Bend Saturday.

Mrs. E. A. Bussett and Lloyd and Fay came up from Prineville Saturday for a short visit with Mr. Bussett and Ross.

Mr. and Mrs. Chas. Orewiller and Mrs. Mary Orewiller, parents and grandmother of Mrs. Joe Shearer, visited the latter and family Sunday, returning to their home in Bend Monday. Mrs. Orewiller sr. remained for an extended visit.

The small son of Mrs. Allen Laudfare is quite ill with the measles.

Miss Helen Peery and Mrs. Geo. Beckman visited Mrs. Iva Davidson at Butte Valley Sunday.

Jake Brix took his niece, Miss Anna Miller to Prineville Sunday where she will continue her work in High

School. Miss Anna was the victim of a broken shoulder following the Christmas festivities, which compelled her absence from school.

Reeves Willcoxon and his house guest, J. P. Doherty, were Prineville visitors Monday. Mr. Doherty, who is assistant in the county assessor's office at Prineville, is making Mr. Willcoxon a two weeks' visit with the hope of reducing his weight. Quite a compliment to Reeves' cooking.

Rodney Hall returned to his home in Portland Sunday, after an enjoyable week's visit with his brother, E. N. Hall.

Mrs. Perrel Osburne returned Wednesday from Portland after a two weeks' visit with her parents and other relatives.

OREGON ALMANAC IS GOOD REFERENCE BOOK

OFFICIAL PAMPHLET OF THE STATE CONTAINS MUCH INFORMATION

The Oregon Almanac, just issued by the State Immigration office, is the best description of Oregon that has ever been published. The book contains everything an intending settler would want to know. All sections of the state are covered in this book, and all conditions of climate, soils, localities, etc., are treated in an intelligent way. The people of Oregon, as well as outsiders, should procure a copy of the Almanac and get in touch with the resources of the state. The Almanac may be obtained by sending to C. C. Chapman, State Immigration Agent, Commercial Club building, Portland.

The Spokesman has furnished the State Immigration office a list of over 100 of its eastern subscribers and the Almanac will be mailed to them so they can realize what a great and resourceful state Oregon is.

MORE HOME SEEKERS ARRIVE

Madras Pioneer: Still the flood of homesteaders are coming into this section, or rather they are passing through here to the Haycreek and Ashwood country and are taking up much of the land that has heretofore been considered of very little value, only for pasture. Several of the big sheep and stock companies have expressed themselves as being fearful that they will be compelled to go out of business if the winter ranges are all taken up, and it looks now as if all of the vacant government land would be filed on. The new settlers seem to be coming from western Washington.

ALARM IS SOUNDED; FIREMAN STILL SLEEP

RESULT IS THAT EUGENE COUNCIL ABOLISHES ITS VOL- UNTEER DEPT.

A Eugene dispatch of recent date says: Because not a single volunteer fireman turned out to a fire in a meat market at 1 o'clock Monday a. m. the city council has disbanded the volunteer organization and placed the department on a paid basis.

The city already employed three paid firemen and it was voted by the council to add three more men to the department and do away with the volunteer organization altogether.

When the fire alarm sounded early Monday morning it was bitterly cold and only two of the paid firemen were at the station. They manned the new auto engine and made a record run to the burning meat market, a mile away, unreeled the hose, connected it to the hydrant and extinguished the fire alone.

Even the chief of the volunteer firemen, who is paid a small annual salary, did not respond to the alarm. He admitted next day that he heard the bell, but decided the weather was too cold and did not stir from his warm bed.

SISTERS MAN GETS VALUABLE PATENTS

SAMUEL WIEHL'S EFFORTS ARE REWARDED AFTER YEARS OF WAITING

Sisters Herald: Samuel Wiehl, who lives about three miles south of Sisters, has obtained patents on several inventions that should make him all the money he ever needs.

A snare trap made to set on a log that lies across a stream or canyon and is used as a bridge by wild animals; also a dead fall trap for use of trappers or any one troubled with wild animals, either large or small, are two inventions of Mr. Wiehl's that will make quite a difference in the trials of trapping.

Mr. Wiehl has also secured a patent on a sheep apron which will be found very useful for sheep men.

RABBIT METAL

The Spokesman has about 100 pounds of old type metal that is the thing for rabbit metal, for boxes, etc. Same will be reasonable. Large quantities at a discount.
