Heard Rev. Phipps—
There was a large attendance of
people in the several Sabbath
schools of the city out to hear the
message of Rev. Chas. Phipps of
Portland, last Thursday. Printed
sermons of "points" were distributed to
the audience, and questions were
promptly and ably answered, which
made the meeting very interesting.
There was also a good audience to
hear the splendid address in the eve-
ning at the M. E. church on the sub-
ject "Scripture Study and Teaching."

Traffic Delayed—
A letter received here from M. A.
Hess, who is in the east, states that
road traffic in that section is bad-
ly hampered on account of heavy
snow storms.

Tire Filler—
W. Hess has secured the agen-
cy for Crook county for "Essenkey,"
a tire filler that is entirely dif-
ferent from anything on the market.
It is absolutely puncture proof
and rides just resilient as an air
filled tire of the proper pressure. If inter-
ested call on or write to G. W. Hess,
170, Redmond, Oregon.

Tested Fire Pressure—
Last Friday afternoon the fire
pressure of the new city gravity wa-
ter system was tested. A length of
500 feet of hose was coupled on to
the hydrant at the corner of 6th and
F streets, the nozzle end reaching to
the Redmond Pharmacy, a block and
a half distant. Water was thrown
a distance of 100 feet in the air, and
one test carried the water over the
Munz hardware store from in front
of the Pharmacy. As far as the test
was made it was very satisfactory.

day school went to the convention
last Saturday at Prineville. Ben Got-

Desire New Books—
During the long winter evenings
many of our citizens have spent a
number of pleasant and profitable
hours reading the interesting books
loaned from the city library. In
charge of the librarian, Mrs. Mc-
Mickle. Several of the more vigor-
ous readers have expressed a desire
for additions of several books not
yet included in the library.

Having "Cuts" Printed—
Some of the business men of the
city are having half tones made of
scenes in Redmond and vicinity, and
having them printed on their letter
heads. This makes neat looking sta-
tionery, when the "cuts" are printed
right. The Spokesman makes a spe-
cialty of this high class of work and
when you leave an order with us you
are certain of getting good results.
It takes a well equipped office, and
men who know how to do this class
of work, to print half tones right.
The Spokesman is the only office in
Redmond that has the facilities for
doing good half tone work.

Water Not On Yet—
Water from the new gravity water
system has not yet been turned on
for city use or for private consump-
tion except in a few instances. The
city has not accepted the plant from
the contractors up to this date.

Hot Beds Started—
C. H. Baggott has his hot beds
started at his place in the northern
part of the city, and promises to be
in the market with garden truck as
early as any of the market garden-
ers.

Making Light Prices—
The Central Oregon Power Co. has
this week been making a revised list
of rates to electric light users. The
prices are considerably modified to
what it was at first thought they
would be.

New Arrivals Here—
Mr. and Mrs. Floyd of Pendleton,
this state, arrived here last Friday
and are looking for a location in this
section. They are very well pleased
so far with what they have seen of
the Redmond District.

Hog Saw His Shadow—
Sunday, Feb. 2, was a clear sun-
shiny day and the ground hog could
see his shadow, which means, accord-
ing to the old saying, six more
weeks of winter weather. Now wait
and see if the prediction comes any
way being true.

Many Enjoyed Dance—
The ball given at the Union Ware-
house last Friday night was a suc-

HAGOOD IS
ATTACKED AS
UNFIT SOLON

"GOVERNOR MADE BAD MESS OF
CHOICE" IN HOUSE CHAM-
BERLAIN, SAYS FORBES

Representative From Four Counties
Takes Opportunity to Hit Mult-
nomah Man After He Makes
"Political" Address

Representative Hagood of Multnomah
county, a democrat, was den-
ounced as "unfit to sit within the
Legislative Assembly," by Representa-
tive Forbes of Crook, Lake, Klamath
and Grant counties, during the
session of the House Monday after-
noon, and he virtually gave the lie
direct to what Mr. Hagood had said
on a vetoed bill in which Forbes was
interested, and said that "if it is true
that Hagood represents Governor
West at this session the governor
made a bad mess of his choice."

Having previously spoken, Hagood
did not reply, as he had delivered a
long speech labelled "political" by
his republican colleagues, who chid-
ed him mildly for taking up the time
of the session by so doing. He per-
sisted, however, and made a hero
talk for Governor West, Dr. Harry
Lane and Geo. E. Chamberlain, who,
he said, have been placed in their
various high positions largely thru
the opposition of republican legisla-
tors and republican city councils.

The discussion was on the bill, ve-
toed by Governor West at the last

granting of title by the government
to certain swamp land settlers.

Forbes declared that the bill was
one which should pass, and it finally
did pass, but not before there had
been much discussion, not altogether
confined to the bill itself.

operative observer.

DESCHUTES TO HAVE
CO-OPERATIVE CREAMERY

A rousing meeting of the farmers
in the vicinity of Deschutes was held
Monday, Jan. 27th, at Deschutes
when the Deschutes Co-operative
Creamery Association was effected as
a permanent organization. The of-
ficers elected were:
Pres.—H. C. Meisel.
Vice-Pres.—Rasmus Peterson.
Sec.-Treas.—Olaf E. Anderson.
These three, with J. A. Chase and
A. C. Wood, comprise the board of
directors.
All the surrounding districts were
well represented and considerable
enthusiasm was displayed at the
meeting. The movement is gaining
ground rapidly and loyal support is
apparently forthcoming from all
sources. \*\*\*
