THE COLUMBIA SOUTHERN IRRIGATION BILL

TEXT OF THE COLUMBIA SOUTHERN IRRIGATION BILL THAT ENABLES THE STATE TO TAKE OVER THE PROJECT AND CARRY IT TO COMPLETION

Section 1. The desert land board is hereby authorized and directed, on behalf of the state of Oregon to complete the reclamation of lands included in Oregon desert land selection list No. 13 and private lands included in the project commonly known as the Columbia Southern irrigation project, in Crook county, Oregon. Said board is authorized and directed to make all necessary arrangements to perfect the state's title to said project and to execute all contracts and agreements and make all arrangements necessary for the proper construction and completion of the irrigation works to reclaim the lands in said project.

Sec. 2. As soon as practicable after this act goes into effect the said board shall appoint, at a salary to be fixed by the board, a project engineer who shall have immediate charge and supervision over the construction and operation of the reclamation works on said project. Said project engineer shall immediately prepare complete plans, specifications and estimates of cost, all of which shall be submitted to and approved by the board before construction work is commenced. After said plans, specifications and estimates have been approved no material changes shall be made therein without the consent of the board.

Sec. 3. The said board shall, as soon as possible prepare a list fixing the price to be paid for water rights for each smallest legal subdivision or farm unit of state or Carey act land in said project, and a certified copy of said list shall be filed in the records of Crook county and form and after the date of reclamation of any tract designated in said list, a valid lien in favor of the state of Oregon, shall exist against each tract in said list for the amount designated therein until the same shall have been paid. Said board shall also designate the price to be paid for the sale of water rights to each smallest legal subdivision or farm unit of private lands within said project, and shall make all necessary contracts for the sale and delivery of water to said private lands. The total lien on state and Carey act lands and the total amount to be realized from private lands shall together be so fixed as to insure the return to the state of Oregon of all money expended by the state in the reclamation of the lands in said project, and in addition there to no less than five dollars per acre for the reclamation fund.

Sec. 4. Said board is authorized and directed to make all necessary arrangements to secure the settlement, cultivation and reclamation of said Carey act lands; to accept applications for the entry of said lands; to make contracts for the purchase of water rights and release of lien for said lands; to make rules for the cultivation and settlement; and to prescribe the forms to be used for such purposes. Each contract with purchasers shall provide for the payment of the full amount of lien assessed against the tract covered by said contract, within a period of not to exceed ten years, with interest on deferred payments at 6 per cent per annum and shall also provide for the payment of an annual maintenance fee to be fixed by the board. Contracts for the sale of water rights to private lands within the project shall be upon the same terms and conditions as for Carey act lands, and the board shall, in addition, require the purchaser to give a first mortgage on such private lands to the state, as security for the payments due under the contract. Such contracts with purchasers, both on Carey act and private lands, shall provide for the sale of a proportionate interest in the reclamation system to each purchaser, and for the transfer of said reclamation to the purchasers when water rights for a majority of the lands have been paid for, the state retaining an interest proportionate to the unpaid balance on contracts.

Sec. 5. Upon the failure of any purchaser having a contract with the board to make payments of principal and interest according to the terms of such contract, it shall be the duty of the board to notify such purchaser by registered mail of his default, and if such default shall continue for a period of six months after the sending of such notice, said board is authorized to cancel said contract and all payments made thereunder shall be forfeited to the state and placed in the reclamation fund; and the board is authorized to reopen the lands covered by said cancelled contract for entry and resell water rights to said land to some other purchaser. Nothing in this section, however, shall be construed so as to pro-

Just received a large car of FENCE WIRE, HOG AND CATTLE FENCING, and NAILS direct from manufacturers in the east, that we are making attractive prices on.

ELECTORS TO PASS ON 7 AMENDMENTS

ALIENS, NOT FULLY NATURALIZED, MAY BE DENIED EXERCISE OF BALLOT HEREAFTER; ANNEXATION RIGHTS ASKED

There will be seven proposed constitutional amendments on the next general election ballot according to the joint resolutions filed in the office of the Secretary of State. These proposed amendments are as follows:

- Providing that only fully naturalized aliens may vote.
- Allowing indebtedness to be incurred for reclamation of arid lands.
- Creating the office of Lieutenant Governor.
- Relating to powers of assessment and taxation.
- Providing for uniform rules of assessment and taxation.
- Providing for method whereby cities and towns may be merged into adjoining cities or towns.
- To allow the City of Portland and Multnomah county to be merged under one government.

NEW ELECTRIC ROAD IS SEEN Salem-Bend Line Said to Be Hill's With Capital Stock of \$500,000

A Salem dispatch of Feb. 27th to the Portland Oregonian says: Articles of incorporation were filed today for the Oregon Railway Co. to operate between Salem and Bend. The incorporators are J. F. Mounce, A. L. McLeod and G. A. Kylward and the capital stock is fixed at \$500,000. The incorporation has aroused much interest here, and it is said that it means that this city will have another Hill road operating in a short time. It is announced that the road will be an extension of the Salem-West Stayton line, right of way for which is already acquired. This road has been promoted by J. F. Mounce, who has been in this vicinity for the past eight months and who is known to be a Hill representative. The proposed Oregon Railway will connect with the Hill and Harriman roads in the Deschutes Valley and will strike through the Cascades in eastern Linn county.

vent the board from extending the time to make any payment due under any contract with a purchaser, when in its judgment such purchaser is entitled to such extension of time.

Sec. 6. The said board is hereby authorized and directed to make all necessary rules and regulations for properly carrying out the provisions of this act.

Sec. 7. All moneys received as maintenance fees shall be applied to the cost of maintaining said project. All moneys received for the purchase of land or water rights in said project shall be deposited in the general fund of the state treasury until all expenses incurred by the state in connection with said project shall have been repaid, after which time all money except maintenance received from the project shall be deposited in the reclamation fund.

Sec. 8. For the purpose of carrying out the provisions of this act there is hereby appropriated out of any money in the general fund of the state treasury, not otherwise appropriated, the sum of \$450,000 or so much thereof as may be necessary. All expenditures incurred under the provisions of this act shall be paid at the same time and in the same manner as for other state officers, and upon vouchers approved by the board.

The Spokesman for good printing

Sweet oranges here! Jacob

Dear Friend:

Oh, say, let me tell you we had for breakfast this morning. It was nice oranges. I used to not like oranges and would pucker up my mouth cause my orange was sour. Now I smile when I eat an orange because now my oranges are sweet. You ought to eat oranges or some kind of fruit at home because they are healthy. They cost only 35 and 50 cents a dozen.

Your friend,
JACOB

P. S. You get good fresh sweet fruits at
