

DE LAVAL CREAM SEPARATOR

A Money Maker and Saver

The Cow's Best Friend

If you are still skimming milk by the old-fashioned "setting" system you are losing about one pound of cream in every four and you are not giving your cows a square deal.

With a De Laval cream separator you would get 20 to 35% more, and much better, cream, and besides would have warm sweet milk to feed to your calves and pigs.

We know that the De Laval will give you better service and last twice as long as any other separator and will be a money-maker for you.

Ask any of your neighbors who use a De Laval what kind of service their machines have given them. If a De Laval will save cream and make money for your neighbors it will do as much for you. Why not give it a trial?

Easiest to turn, easiest to wash, skims the cleanest, lasts the longest
