**FIRST TO BENEFIT
BY THE NEW PROJECT**

(From the Tumalo Times)
Peter Jensen, who has a ranch about three miles north of Laidlaw, is the first to benefit by the new Tumalo Project. Mr. Jensen came to his land about three years ago and cleared his place up. He came, however, after the adjudication of water to the land on the project, and he did not secure any water, because he had used none before the adjudication. For the last two years he has been dry farming and has made a success of that, but now he has secured water.
When the state bought the reservoir site the water rights of the old Wimer ditch went with it. Some of this water has been turned over to Mr. Jensen. Superintendent Wallace and Mr. Cady were out to his place Monday and put in a headgate. He is now using the water on a piece of alfalfa he started this summer. On account of the rains, the alfalfa already had a fine start, but it will now do better.

**RAILROAD DANCE TO BE
GIVEN AT METOLIUS**

A big dance will be given in the Metolius Opera House at Metolius, Friday evening, August 23, by Mrs. Sparks and the Redmond band, in dedication of the new prospective railroad from Metolius to Prineville. The Metolius Opera House is considered the largest and best dancing floor in Central Oregon. The Redmond band will furnish music for the occasion and leave here after the band concert on the 9:10 train. It is expected a large crowd will accompany the band from Deschutes, Redmond, Terrebonne and Culver. Others are expected from Prineville, Lamonta and Madras. This promises to be one of the most enjoyable dances of the season.
