REDMOND'S THIRD ANNUAL POTATO SHOW AND FAIR CALLS FORTH MUCH ADMIRATION

SIX HUNDRED AND FOUR ENTRIES WERE MADE IN THE DIFFERENT DEPARTMENTS, AND THE EXHIBITS COMPLETELY FILLED A STOREROOM 50x75 FEET—RAILROAD MEN ENTHUSIASTIC OVER THE GOOD SHOWING MADE FOR THIS PART OF CENTRAL OREGON—"PRINEVILLE DAY" WELL ATTENDED BY PEOPLE FROM THAT CITY—PROGRAM OF SPORTS DURING THE THREE DAYS HELP TO ENLIVEN THE OCCASION

The Third Annual Redmond Potato Show and Fair that was held for three days last week will go down in the history of Crook county as being one of the best and most comprehensive exhibitions of farm products grown in this section of the county. Six hundred and four entries, not counting the school exhibit, were made in the different departments, as follows: Vegetables, 123; potatoes, 73; field crops, 58; threshed grains, 31; fruit, 23; special, 23; fancy work and art, 196; flowers, 9; culinary, 54.

The exhibits this year were far superior to those shown at previous shows and excited the wonder and admiration of the people right here in this section where the products were grown, as well as that of the people from the outside. Officials of the Oregon Trunk, O-W. R. & N., Great Northern and Northern Pacific railroads who were in attendance could not say too much for the excellent and extensive exhibits presented, and a number of the exhibits were packed up at the close of the show for shipment to the Chicago Land Show that will be held this winter, and from there the exhibits will

be placed on the Great Northern demonstration cars and carried all over the United States.

One commendable feature of the show was the number of outside people who attended. Friday, October 24, was "Prineville Day," and nearly 200 people from there came over in automobiles to help boost for the occasion. The Prineville delegation wore badges with the following inscription: "Prineville Day, Redmond Potato Show, Crook County Fair, 1914. Come!"

Professors Hyslop and Pitts of the extension department of the Oregon Agricultural College, were here and gave interesting lectures to the farmers and others on subjects directly pertaining to this section.

Street sports were put on the two last days of the fair; there was plenty of band music and everything done to make the visitors welcome and their stay enjoyable.

Professors Hyslop and Pitts were judges for part of the root and grain and grass exhibits, and ladies from Prineville judged the fancy work and art, culinary and flower exhibit.

FARMERS' RELATION TO THE PROPOSED COMPENSATION LAW

By PAUL C. BATES, Portland, Oregon

Farmers of Oregon, including agriculturists, live stock growers and horticulturists, should give careful consideration to the compensation act as passed by the last legislature and which will be submitted for the approval or disapproval of the voter at a special election to be held in November.

Throughout the country there is a strong sentiment in favor of legislation whereby specific amounts will be paid for all kinds of industrial accidents in place of the old system which involved economic waste and

payment of indemnity for only a small percentage of the total men that are injured. While public sentiment is almost united as to desirability of a change from the conditions referred to, there is a general confusion of ideas as to what is best adapted to our existing political conditions and industries as a proper compensation act for the reason that up to the present time, while eighteen states have passed laws providing for fixed indemnity for all

TO TURN DOWN GOOD ROADS

CHANGE OF ROUTE BY COUNTY JUDGE FROM ORIGINAL PETITION CAUSES DISSATISFACTION AMONG ADVOCATES OF GOOD ROADS AND AGAINST COUNTY BONDING PROPOSITION ON NOVEMBER 4

The following story from this week's Bend Bulletin under the heading "Good Roads Men Are Disgusted, Throw up Fight for Bonds. Springer's Alleged Double Crossing of Wish of Petitioners Rouses Ire and Assures Defeat at Election. History of Proposal to Date," hits the nail squarely on the head, as far as this section is concerned, that The Spokesman publishes it in full:

That there have been trials and tribulations in the ranks of the Crook County Good Roads Association and among its directors has been common knowledge for several weeks.

Dissatisfaction among those who were working hardest for the road bond issue because of what they allege is arbitrary treatment of the project by Judge Springer, and an assurance of hearty opposition in several communities because of the changes in the routing, have caused the Good Roads Association officers to throw up the sponge and refuse to work further for it.

That Springer himself, an avowed supporter of the bonding, had little stomach for it is indicated in a letter last week received from him by the Bend Commercial Club, in which he says "we are fully persuaded that the election is invalid." Some weeks ago, when the association officers tried to get him to withdraw the matter from the ballot he took no action.

It will be remembered that petitions were presented to the County

REASONS FOR VOTING FOR COUNTY ATTY. BILL

IT IS TO YOUR INTEREST TO VOTE FOR IT

If You Wish to Keep Taxes Down, Vote "Yes" on No. 306 for Following Reasons

The "County Attorney Bill" will come before the voters at the election November 4. The number on the ballot is 306, and the following reasons are given why the measure should become a law:

A vote for the County Attorney Bill is a vote in your interest.

Gives each county its own attorney, who is directly responsible to the people.

Will save you money by cutting out delays in trials and extra help in obtaining legal advice for county officials.

Other states have abandoned the antiquated system now used in this state.

No new offices are created. Gives you direct say as to whom should represent you.

Places all counties on an equal basis in the administration of justice.

Will expedite justice. A vote "yes" on this bill will mean a vote to keep down your taxes.

If you are in favor of the measure go to the polls—those opposed will.

Under the County Attorney Bill the effect is that no more offices are created. Under the present system twenty counties of this state each have a deputy district attorney appointed by a district attorney resid-

DISPLAYS AT POTATO SHOW WERE EXCELLENT

DIFFERENT LOCALITIES HAD FINE EXHIBITS

Much More Interest Taken This Year in the Show Than in Former Years

One of the gratifying features of the Potato Show held last week was the display of exhibits from different localities. Prineville, Powell Butte, Laidlaw and Cline Falls all sent over good exhibits and the local management desires, through The Spokesman, to thank these localities for their interest in the show.

Powell Butte had one section of the show room assigned to them and their exhibit attracted widespread attention. Aside from this exhibit there were numerous other exhibits from that section.

The Prineville Commercial Club had a fine exhibit and the Bonnyview Stock Farm in the Prineville section also put on exhibition a good collection of grains, grasses and other agricultural products.

The "Riverview" exhibit of the Helmholtz Bros., from near Cline Falls, attracted a great deal of attention owing to the artistic manner in which it was arranged.

J. N. B. Gerking of the "Valley View Farm," in the Laidlaw district, had an excellent exhibit and won several prizes for his products.

The Oregon Trunk Railroad had a section reserved for them in which they displayed literature of their road and affiliated lines.

IMMIGRATION OFFICIAL PLEASSED WITH SHOW

F. W. GRAHAM OF THE G. N. ROAD WAS SURPRISED

Show Far Surpassed His Expectations—Took Exhibits for Land Show

F. W. Graham, western industrial agent of the Great Northern Railroad, and D. C. Freeman, publicity agent of the Oregon Trunk Railroad, arrived here last Saturday to attend the Third Annual Redmond Potato Show and Fair. Mr. Graham has been present at former shows and was immensely surprised at the growth made by the show over former years. This was Mr. Freeman's first visit to our Potato Show, and he expressed his appreciation of the event in glowing terms.

Mr. Graham said the Redmond show was the largest and best of the kind on the coast—that there were only three towns that held potato shows—Redmond, Harrisburg, Ore., and Wallville, Wn., and that Redmond had the other two towns lashed to the mast in the way of exhibits.

While here Mr. Graham and Mr. Freeman secured a number of exhibits from the show for shipment to the United States Land Show to be held in Chicago from November 20 to December 8, where they will be seen by at least half a million people. From the land show the exhibits will be placed on the Great Northern demonstration cars and make a tour of the United States, and it is estimated over a million people will see them.

Mr. Graham offered several good suggestions for boosting the 1914 Potato Show, one of which will be an efficient means of raising a revenue for the show and giving widespread publicity to the event.

ANOTHER RABBIT DRIVE PULLED OFF SUNDAY

NEARLY AS MANY KILLED AS AT FORMER DRIVE

Plans Are Now Being Made for Two More Drives—Moving Pictures Are to Be Made

The rabbit drive held in the Lamonta district last Sunday resulted in the destruction of nearly as many rabbits as on the former one. Hunters who were in attendance state that fully 2,000 rabbits were either shot, or clubbed to death in the corals. A much larger crowd was out at this drive than at the first one.

Two more drives have been planned. One for next Sunday in another locality a few miles from Lamonta, and the second one the following Sunday. For this drive arrangements have been made to have a moving picture outfit come here from Portland and take films of the drive. It is expected that several hundred feet of good film can be secured of exciting scenes. A large number of people from Redmond and surrounding towns are expected to be present at this drive, so as to "get into the picture."

NICKELS AND DIMES ARE FOUND UNDER SIDEWALK

Prineville, Ore.—Work is being pushed rapidly on the concrete sidewalks, three blocks having been completed in the business district and the ground is being cleared for as many more. Many of the old board walks that are being removed have been in use for the past 40 years, and in a single block more than \$10 in nickels and dimes, mostly the latter, was gleaned from the dust under the walks by the contractors.
