The Life of a Corset

Lasts only as long as it is worn to transmit grace and style to the gown above. By a "dead corset" we mean one that has no life, its grace and efficiency the result of even the choicest creation cannot set well over. Because of perfect construction, Warner Corsets so outwear other Corsets that they become the most economical as well as the shapeliest corset at their price.

Only the woman who wears a Warner knows the full combination of figure-beauty and comfort.

The strong guarantee—made to show fashionably, not to rust, break or wear and to outwear all other corsets—ought to appeal to discerning women.
