Has Helped the Farmers

During the past year the Redmond Union Warehouse Company has made it possible for the farmers in the Redmond and other districts tributary to this city, to get considerable money for their cattle, hogs and produce. This has been done by "Community Shipments." Had it not been for the effort of the Warehouse Co, these shipments would not have been made. During the coming year we are going to still more help the farmers to a market for their products and we ask them all to join in with us, for in community there is strength.

Remember, the Redmond Union Warehouse is a warehouse for the farmers, and by using it they can benefit themselves.
