LOCAL ORGANIZATION PLAN NEW QUARTERS

COMMERCIAL CLUB MAY HAVE OWN CLUB ROOM

Proposition Is Meeting With Much Favor From Many of the Members

At the last meeting of the Commercial Club the proposition of securing a building or room for a permanent home for the club was taken up and discussed at some length, though no details on the subject were gone into. This was left to a special committee to work out, and it is expected this committee will report at the next meeting of the club. It has been suggested by quite a number of members of the club that if the club had quarters of its own more interest would be taken in the organization; that the club room could be made a meeting place for the members to gather at any time for social intercourse or business, and could also be used as a place when farmers or their wives coming to town could drop in for a rest or a social chat.
