REDMOND, CROOK COUNTY, OREGON, THURSDAY, MAY 14, 1914

\$1.50 PER YEAR

TOTAL REGISTRATION IN STATE SHOWS A GAIN OF 95,044

STATE ELECTORS NUMBER 226,942 AND EFFECT OF BALLOT EXTENSION IS NOTED—SIXTY PER CENT OF REGISTRATION IS REPUBLICAN — PROHIBITIONISTS ARE IN THIRD PLACE—WHILE REPORTS FROM 11 COUNTIES ARE NOT OFFICIAL SECRETARY OLCOTT SAYS HE THINKS CHANGES WILL NOT BE SIGNIFICANT—REGISTRATION IN CROOK COUNTY

With the women enfranchised the registration in Oregon for the primary May 15, this year, totals 226,924, with 11 counties reported unofficially. There will be little change either way in the final statement. For the primary, 1912, when only men voted, the registration was 131,880. That the women will substantially figure in the primary and the election in November is proved by the registration figures.

Comparison Is Made

The registration for the 1912 primary was as follows: Total 131,880; Republican, 93,070; Democratic, 28,417; Prohibitionists, 16,555; and Socialists, 4,928. The registration for the general election that year was 159,888.

As usual the Republican party has a big lead this year in the registration figures. The figures are: Republican, 134,687; Democratic, 59,986; Prohibitionists, 11,177; Socialists, 6,273; Progressives, 6,255, and miscellaneous, 8,536.

Crook Co. Field Meet To Be Held Tomorrow

Arrangements Completed for a Successful Program of Different Athletic Events Tomorrow

All arrangements are practically completed for the Crook County Field Meet to be held here tomorrow and which will be participated in by pupils of the High Schools of the county. It is expected large delegations will be present from the different towns.

The grounds at the baseball park, where the events will be held, have been put in excellent condition under the supervision of the Commercial Club of this city, and everything tending toward the success of the meet has been done. The program has been published several times by The Spokesman, and those who attend may expect to see some excellent athletic stunts pulled off in the afternoon.

The Factor of Safety

The business man of to-day is becoming more and more critical in safeguarding his business interests. The bank in which he expects to keep his funds should be carefully examined as to the factor of safety.

Roger W. Babson, in the Saturday Evening Post, in suggestions to the young business man selecting a bank, says:

"In foreign countries the bankers talk of factors of safety rather than simply deposits; but in this country, owing to the ignorance of most business men concerning banking methods, the people can be fooled by a comparative statement of deposits. * * * * The first and most important feature to note in the study of a bank statement is the factor of safety."

The REDMOND BANK OF COMMERCE, with its unusually strong factor of safety of 32½ per cent, affords the greatest security to depositors in this community.

We invite your patronage.

Many Improvements At Hotel Redmond

House Has Been Remodeled and Renovated and Put in First Class Condition for Guests

The Hotel Redmond has had a number of improvements made in the interior of the house during the past month. The whole upstairs of the house has been remodeled and renovated. One of the principal improvements is the installation of private bathrooms and lavatories. Eight rooms have been connected up with the above necessities, which are of the latest design and up to date in every particular. New paint and paper adds to the cheerfulness of the rooms, and the whole house has taken on a prosperous and inviting air that appeals to the commercial men and the traveling public. Landlord Wilson has spared no expense to fit the house up with modern improvements as far as possible for the accommodation of guests, and his efforts are being rewarded by an increased patronage. The traveling public is quick to see and notice improvements designed for their comfort, and appreciate what the Hotel Redmond has done in their behalf.

A NEW CLUB ROOM

The Commercial Club has rented the front part of the lower floor of the W. M. Wilson building on the corner of 6th and F streets for their headquarters. An exhibit will be installed there, and it will also be the headquarters for farmers and their wives when they come to town.

THE LOCAL BALL TEAM BEATS SISTERS CLUB

WAS ONE SIDED GAME UNTIL THE SIXTH INNING

The Visitors Got All Their Runs In a Bunch When the Redmond Pitcher Blew Up

The ball game here Sunday afternoon between the locals and a team from Sisters was a very one sided affair until the sixth inning, when the visitors picked up 8 runs—all they got in the game. Perry, the pitcher for the locals, had been putting the Sisters stickers out in one, two, three order until the sixth inning, and then he blew up and the visitors slammed the ball all over the field. For the balance of the game Perry pitched a no hit, no run game.

Krug was in the box for Sisters and was hit by every one of the locals. In the second inning Zumwalt went onto the mound and held the score down to 2 runs for the balance of the game.

Redmond made 4 runs in the first and 4 in the second, 1 in the third, were shut out in the fourth, fifth, sixth and seventh, and made 1 in the eighth. Sisters made all their 8 runs in the sixth.

It was an easy matter for the Redmond players to steal bases when Krug was in the box for the visitors, but Zumwalt stopped that when he began to leave the pit. The Sisters

Good Record Made by the Redmond Schools

Attendance Has Been Large During Year and Much Work Accomplished—School Closes Next Week

The Redmond public schools close next week after a very successful year. The attendance has been better the past year than in any previous year—there has been a more uniform attendance.

The High School pupils propose to give a banquet before the close of the term, and the lower grades will hold exercises in the High School auditorium.

During the past year the High School has completed all subjects strongly, especially geometry. The work done by the pupils was the best in the history of the school. Many exhibits of the lower classes in the "busy work" are shown, such as paper folding, clay modeling, water colors, raffia weaving, etc. The Redmond school is now a full four year course, leading to the universities and state colleges.

Prof. J. A. Thompson, who has been principal of the school for the past four years, has resigned and will devote his time in the future to his farming interests. Under Prof. Thompson's direction the school has been brought to a high state of perfection.

SHEARING SHEEP HERE

Morrow & Keenan of Grizzly, have one of their bands of sheep here at the corrals and are having them sheared. They state that probably they will bring all their sheep here for shearing. The sheep pens here afford sheep men excellent facilities.
