

# Good Coffee and Tea

## COFFEE---Ours Satisfies

Cheap Coffee is a poor investment. There's plenty of it on the market. Don't buy it. What's the use of spoiling a good meal with wishy-washy stuff that leaves a muddy taste in the mouth and harms the system? We sell only good coffee. It's cheapest in the end because it gives satisfaction. Try our GOLDEN WEST COFFEE. Everything for you in first class groceries.

## TEA---Drink Ours

Tea is a most healthful drink—if made of good tea. The Japanese and Chinese are the greatest tea drinkers in the world. But did you know that they are less afflicted with "nerves" than any other people? It's so. Drink tea yourself. Give it to the children. But be sure you get good tea. Come in here, buy ours and be safe.

## Hobb's Cash Grocery and Bakery

REDMOND, OREGON

### LOOKING BACK FOUR YEARS AGO IN REDMOND

#### THAT WAS TIME OF RAILROAD CONSTRUCTION HERE

#### Some Items That Will Bring Recollections Back to Those Booming Times

Spokesman, August 18, 1910. G. W. Farris has commenced the erection of a 25x50 foot building on 7th between D and E streets, that will be occupied as a feed store.

The M. E. church building is getting well under way. The auditorium will be 32x50 feet, lecture room 15x24, and an octagon alcove back of the pulpit 4x18 feet. The belfry will be nearly 50 feet high.

H. M. Smith has nearly completed a comfortable 4-room cottage on 7th between C and D streets.

Lynch & Roberts, general merchants, have recently been making decided improvements in the interior of their store that greatly improve the looks of the place and also work to the convenience of the proprietors.

City Recorder W. G. Phoenix who recently returned from an extended trip in the eastern part of the state, was greatly pleased at the favorable expressions he heard in that section regarding Redmond and the Redmond District.

J. J. Ellinger has had surveyors at work in Ellingers Addition running lines to bring in water from the west of the addition for irrigation purposes. As soon as the necessary labor can be secured irrigation ditches will be run through the whole tract.

Chas. S. Hoffman of Ruston, La., was in Redmond last week and invested in city property on C street between 5th and 6th.

Steve Uoltzos a laborer employed at Nelson Bros. Camp No. 1, had the sight of his right eye destroyed the 15th by a piece of rock the size of a large nut being blown into it. He and a fellow laborer had gone to see why a blast had not gone off, and as they approached the place the charge exploded with the above result.

A load of ice from the ice cave was brought to Redmond Monday afternoon.

#### A CURIOUS DISEASE IS DESTROYING RABBITS

(Continued from 1st page)

destroyed by the jacks, trapped and inoculated several rabbits and let them loose to spread the fatal disease. Others hold that the rabbit pest runs in cycles, the same as that of the locust, and that 1914 is the "natural dying year" for the animals.

Apparently the same disease that is raging in the north side of the valley swept the south side less than two years ago. The whole country-

side literally swarmed with rabbits before the advent of the disease. Weekly drives, in which thousands of the animals were slaughtered, seemed to make no telling decrease in the numbers; poisoned food, traps and bullets made little inroads on the pests. Then came the malady, and the jacks vanished.

A rabbit was a near curiosity in the Christmas Lake country in the years when they swarmed on the south slope of Silver Lake Valley. Now conditions are reversed, and the desert land is overrun with the crop destroyers. In their flight from disease the animals appear to have migrated across the hills that divide the two valleys.

#### THE EUROPEAN WAR WILL GREATLY HELP US

(Continued from 1st page)

there is a good deal in this psychological business depression.

"When a bank has good paper and warehouse receipts for grain, no matter if a run should deplete its stock of ready cash, it need not worry, for the possession of commercial paper that is 'good' makes the bank 'good.' In the same way the United States is 'good' at the present time. It has the stuff. Europe wants it and will have to pay for it.

"European investors have stopped buying American securities for the time being, but as soon as things adjust themselves in Europe those who have money to invest will put it into American stocks and bonds. It is the only logical thing for them to do for investors will not risk putting their money in European commercial enterprises which are apt to be closed or to suffer in other ways on account of the war.

**Best Reason for Optimism**  
"As I view the situation, we are now on the most solid footing in years. The new currency system fills a long felt want and there is no occasion to fear congressional legislation. Although the war is in Europe, it has wiped aside partisanship and all are agreed that Americans must stand together and support the administration in its task of preserving neutrality and helping the American people. All in all, I think there is better reason for optimism right now than there has been for years."

#### POWELL BUTTE

Mrs. Allen Wilcoxen is spending a couple of weeks in Portland.

Mrs. Earl Forest is visiting with friends and relatives in Washington. Foster Bros. have nearly finished the threshing on the dry land. Between the rabbits and the drouth the non-irrigated crops have been very light.

Mr. Ableson, who has a place just west of John Rhody, left for his former home in Washington Wednesday.

Second cutting of alfalfa is well under way and results are generally very satisfactory, some of the fields going as high as two and a quarter tons to the acre.

Powell Butte and Alfalfa played ball here Sunday, the locals winning by a score of 9 to 7.

Munz Wilcoxen was a Deschutes visitor Friday and Saturday. Reeves Wilcoxen is binding for Virgil Montgomery.

N. P. Alley shipped a number of fine steers to Portland last week through the Redmond Union Warehouse Co.

Henry Edwards and Leland Casey are heading for G. M. Cornett.

Fred Brown left Friday for Broken Top where he will look after beef for John Elder.

Al Schultz is putting up Walter Foster's second cutting of alfalfa on shares.

While moving the threshing outfit down the hill at the Beach place

Wednesday evening, the separator came loose and ran onto the engine, jamming Melvin Foster's leg between the feeder and the engine until it was necessary to have a doctor care for it. Melvin is still on the job, however.

W. O. Garrett of Portland, was looking after his ranch in this section this week. Mr. Skeen has the place rented and Mr. Garrett says he is well satisfied with the results and prospects.

Adolphus Myers and sister, Miss Olza, were guests at Homestead Acres Sunday.

Mrs. Holland of Redmond, has been elected teacher of the Wilson school and will commence her work September 14.

E. L. Johnson returned Saturday after a visit to Portland during "Buyers' Week."

Mrs. Lindquist and daughter Miss Ebba were county seat visitors the first of the week.

Miss Spears of Bend is working for Mrs. Lee Hobbs.

Sunday morning Geo. Hobbs lost his pedigree Scotch Collie pup from distemper.

Allen and Reeves Wilcoxen have a carload of hogs which they expect to ship next Monday.

### LOUIS W. HILL OFFERS HANDSOME SILVER CUP AT REDMOND POTATO SHOW, REDMOND, OREGON, OCTOBER 16-17, 1914.

Louis W. Hill, president of the Great Northern Railway, has signaled his interest in the Redmond Potato Show, to be held at Redmond, Oregon, October 16 and 17, 1914, by offering a handsome silver cup as a special prize for the 36 largest potatoes displayed. Every farmer is urged to enter the contest and help make this affair a huge success.

#### PLEASANT RIDGE

Roy and Hubert Ruyle have been employed as second cooks at Tuma-lo Camp No. 6.

J. A. Chase set out a new strawberry bed last week.

Fuller and Farnum, assisted by Dan Bray, are baling hay for A. A. Green.

Mrs. Hanson and Mrs. Mickelson of Deschutes, visited Mrs. Johanson Sunday.

Mr. and Mrs. Davis visited at the home of Mr. and Mrs. Coryell Sunday.

Blanch and Lila Bray visited Gladys Coryell Sunday.

Mr. Mallory, who lost the house he was living in by fire last Thursday, has moved into the Irvin house.

Buyers are the people who read advertisements. They know their wants, but want to know where to supply them.

#### THE SCHOOL HOUSE FLAG

(Communicated)

If there is any one thing most cherished and dear to the heart of the true American citizen, it is the Star Spangled Banner that stands for the principles upon which the liberty of his country is founded. There seems to be something about the Stars and Stripes that is irrefragably thrilling to the best and most progressive people of our nation. What it is, who can tell? except it be the spirit of sacrifice made by the millions of the best and bravest of our land who have laid down their lives in its defence. But the fact is apparent, and no one will deny it if in his veins there runs one drop of patriotism. Perhaps it is because it stands for the equal rights of the common people with those of higher aspirations, and again it may be the fact that deep down in our hearts there is the belief that it is the flag that God has unfurled to lead the nation of his choice on to consummate victory because of the principles it maintains.

This growing reverence of our nation for the flag has led to a law for its display above every school building in the land, that our children may be early taught its significance. Some of the schools are neglectful in this matter, and the fact should be deplored. Every district should have a large flag of good material; then its pupils should be taught its significance and reverence. The public schools of our land manufacture its citizens, and the grist they turn out will be inoculated with either patriotism or indifference, according to governing circumstances. Regarding this matter here in our home school, and to the detriment there of we will say there has not been the interest taken that should have been. While we have had splendid members on the school board continuously, the financial affairs have been rather stringent and only the merest showing has been made in flag observance.

Let us unite in this patriotism and ere another national display of flags is called for be ready to fling to the breeze above our school building a flag that we will be proud to behold.

# SECURITY

That is what we offer you in connection with all cline sales.

You can be absolutely sure that you will receive the water, or other foreign substance in any gasoline delivered from our up-to-date, improved service.

The old method of drawing gasoline from a spigot the bottom of an iron barrel, where all the dirt, water scale accumulates, has been abolished by all thinking motorists.

We are applying the certified plan of selling food our gasoline business.

## "CERTIFIED GASOLINE"

You have back of each sale the record of this first square dealing.
