THE WOMEN'S CHOICE

Several days ago the Women's Democratic club of the second ward of Chicago, Ill., advertised in the newspapers for an aldermanic candidate. It was announced in the advertisement that to receive the endorsement of the club the successful applicant would have to be:

- A clean, respectable citizen.
- A possessor of horse sense, not necessarily a college graduate.
- A friend of woman suffrage.
- An advocate of subways.
- A voter for bathing beaches and playgrounds.
- A leader, not a follower.
- A man of constructive ability.

Six replies were received. The applicants were a machinist, a broker, a clergyman, a manufacturer, a physician, and a saloon keeper. The announcement of the lucky candidate awarded the support of the club through the unique competition was made Friday night last at a meeting at 3555 Cottage Grove avenue. The saloon keeper won. He is Al Russell, proprietor of a saloon at 3459 South State street.

TO RECLAIM 200,000 ACRES

According to plans and estimates just completed by the Federal authorities, the proposed development in the upper Deschutes basin will involve an expenditure of approximately \$11,582,000, involving an irrigable area of more than 200,000 acres. If the work is finally carried out as now planned, all the surplus water of the upper Deschutes above Bend will be used for irrigation.

lines of good fellowship, making the acquaintance of the stranger in our city, and trying to make them feel at home.

W. H. Hobbs made a few remarks which were all enjoyed.

Mr. DeSouza followed with some compliments to the club, and told how he was ready to help them in any effort they might make in beautifying the city.

W. B. Daggett made some telling remarks in regard to the city securing a water right to aid in making a prettier place of Redmond, and finished by telling a story of his trials with a mouse—a story that brought down the house.

C. H. Irvin made a bright little speech which pleased the ladies very much.

Mrs. Lucile Gray toasted the bachelors and spinsters in an acceptable manner.

J. R. Roberts spoke of the many advantages of being a member of the city council, among them being the entertainment given them by the club, and the fact that councilmen could remain out late at night and no questions asked.

Mrs. Drake made a pleasant talk along the lines of co-operation and the elimination of all petty jealousies.

D. G. Burdick was called upon for a talk on his specialty which, the toastmistress said he had told her, was "Woman." Mr. Burdick in his talk stated that he hoped the club would take up the school gardening and join with the teachers and principal in trying to make this a success.

Prof. Nash made a short talk on Arbor Day, and thought that the school board should meet with the Commercial Club and adopt some plan to interest the children and the grown people as well in tree planting, as a means of beautifying our city.

Postmaster Moore said he was not an after-dinner speaker, but he would tell of the increased postal receipts, and stated there had been an increase of 20 per cent in 1914 over 1913.

A. E. Lovett then gave a talk on how a new comer felt upon arrival here, and said there would be less homesickness if the glad hand were extended oftener.

Mrs. Sparks made some closing remarks about the organization of the club, its object, membership, etc., and said she hoped that the mem-

bership would soon double.

With the rendering of a solo by the "human phonograph" (J. R. Roberts) the evening's entertainment closed, and each one then went home feeling glad to know that they had been present. About 80 members of the club and invited guests were present.

able to think that if a united campaign of this kind was carried on it would not only save the taxpayer on future appropriations for bounties, but most effectively put an end to the ravages of this predatory animal in a short time.

STATE LEGISLATURE

(Continued from 1st Page)

and April 15 following.

Surgical treatment and hospital care for indigent, crippled and deformed children of the state are provided for in a bill introduced by Senator Garland of Linn county.

A bill providing that persons liable by statute for inmates of the state insane and feeble-minded hospitals, if able, pay to the state \$15 a month for the maintenance of each inmate was introduced in the senate by the Marion county delegation.

Provision is made in a bill introduced in the house by Representative Schuebel for the abolition of the present state fish and game commission, and the substitution thereof of a commission to consist of the governor, master fish warden and state game warden.

Resolutions providing for submission to the people of constitutional amendments designed to put an end to frauds in connection with the circulation of initiative, recall and referendum petitions were introduced by Senator Day. It is planned to bar persons from signing petitions who are not registered voters.
