BIG MINING INTERESTS ARE INTERESTED HERE

J. C. Smith, representing some of the big mining concerns of Seattle and Juneau, Alaska, was here last week to look over the gold bearing ore along the Deschutes river with a view of acquiring an interest in some of the claims, and building a gold mill.

Mr. Smith has had experts looking over the situation for several months, and their reports were so promising and the samples which he had run from the ore shipped from here impressed him so favorably that he thought it worth while to make a personal investigation.

Frank McCaffery, the pioneer real estate man of this section, returned Saturday from Portland where he had been for some days on business.

Mrs. Chas. Hindman of Sisters, was here last Thursday and stayed until Sunday when she went to Prineville.

AN OLD ORGANIZATION GAVE MONEY TO SCHOOL

The Redmond Union High school was the recipient of the sum of \$6.15 given them last week by the Ladies' Auxilliary of the Settlers Union.

This union is an organization started in the early days of the Redmond country for the benefit of the settlers. After it was disbanded, the treasurer, Mrs. J. H. Jackson, kept the money left over, in her name until last week, when the few members left decided to give it to the High School.

Fred Walters was in from Lower Bridge Monday.

POTATOGROWERS ATTENTION

Monday, January 17, will be "Potato Growers' Day" in Redmond.

The Redmond Commercial Club invites you, Mr. Spud Grower living out of town (or elsewhere), if you feel that you could enjoy good company and a good square meal, to take luncheon with them at Hotel Oregon.

The management of the hotel has long been catering to long distance farmers, so don't be afraid to come and bring the longest appetite you have on hand.

After luncheon the Deschutes Valley Potato Growers' Association will hold their first annual meeting at Mr. Lovett's office for the election of officers for the ensuing year and to transact any other business that may come before the meeting.

If you are a potato grower, whether large or small, you should give the organization support and encouragement and the only effective way you, as a grower, can do this is to join the ranks, and we suggest that you do so by attending this meeting.

There are several things to be discussed at this meeting that should prove both interesting and instructive. So don't fail to attend. Meeting will be called to order at 2:00 p. m.
