Are you smart, creative, enthusiastic and driven? Do you have a vision for manifesting your own success? Are you inspired to grow your business and improve your community at the same time? Then we have a lot in common. I have created, owned, and managed 7 successful businesses. I

started The Entrepreneurial Ear so that people like you can learn from my experience, my challenges, my opportunities and my biggest successes. I've been a Business Coach/ Consultant for over 14 years and have coached over 400 clients/businesses of all types. With a unique style of Coaching that focuses on the person as well as the Business, I'd love to listen to your ideas and help you turn them into reality.
