A Thanksgiving Dinner.
Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves, and cures catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach. Circle Surprise.

Last Wednesday evening the Woodmen gave a surprise to their sisters of the Circle. Tables were spread in the opera house, and after everything was in readiness, members of the order, accompanied by the Stayton Cornet Band, escorted them from their hall to the scene of the festivities. The gentlemen had the tables well filled with all that was needed to satisfy the most capricious appetite, and several of them appeared to good advantage in their white aprons. The partners for supper were chosen by the ladies, who shot a toy gun at a number of small squares of paper pinned to the wall, each square containing the name of a gentleman. It was a very happy occasion, and while it was evident that some of the ladies were not greatly surprised, it did not interfere with their enjoyment of the event.

A Miraculous Feat.

"It seemed that nothing short of a miracle could save my little daughter from an untimely death," says City Marshall A. H. Malcolm, of Cherokee, Kan. "When two years old she was taken with stomach and bowel trouble and despite the efforts of the best physicians we could procure, she grew gradually worse and was pronounced incurable. A friend advised

Dr. Miles' Nervine

and after giving it a few days she began to improve and finally fully recovered. She is now past five years of age and the very picture of health."

THE FIRSTBORN.

Why is it that the firstborn child is so often the healthiest of a family of children? The reason seems to suggest itself. As child follows child the mother has less and less vitality; often not enough for herself and none, therefore, for her child.

Expectant mothers who use Doctor Pierce's Favorite Prescription find that it keeps them in vigorous health. They eat well, sleep well and are not nervous. When baby comes its advent is practically painless, and the mother is made happy by the birth of a healthy child. If you would be a healthy mother of healthy children use "Favorite Prescription."

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. P. S. Douglas, of Manssonville, Brome Co., Quebec. "During the first four months, when I looked forward to becoming a mother, I suffered very much from nausea and vomiting, and I felt so terribly sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce, and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each, and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble (I could not do anything before). I feel very thankful to Dr. Pierce for his medicine, and I tell all who tell me they are sick, to get these medicines, or write to Dr. Pierce."

Those who suffer from chronic diseases are invited to consult Dr. Pierce, by letter, free. All correspondence strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y.
