FOR STATE PRINTER.

The undersigned announces himself as a republican candidate for renomination for state printer, subject to the decision of the republican voters at the primary election April 20.
Now serving first term. The same courtesy that has been accorded to state officers generally—that of a renomination—would be greatly appreciated.

Albany, Ore.

FOR COUNTY CLERK.

The undersigned hereby announces himself a candidate for county clerk of Marion county, and asks the votes of Republicans for that position, at the forthcoming primaries.
R. D. ALLEN

To the voters of Marion County:

I hereby announce myself as a candidate on the Republican ticket, at the Primary election on April 20th, for the office of State Senator.

If nominated and elected I will support measures for the purpose of raising revenues by indirect taxation.

I will, as I always have, work for a reduction of the number of State Normal schools and the appropriations for the same.

I will, as I always have, work against the abuses of employing useless and unnecessary clerks in the Legislature. In fact, I will, to the best of my judgment, endeavor to transact the business of the State in the same careful manner that I do my own.

I will carry out the will of my constituents to the best of my knowledge and belief, especially when made known to me by their direct vote.

On the above statements and supported by my record in the last two sessions I most respectfully solicit the suffrages of the voters of Marion County. Very respectfully,
T. B. KAY.

UNIQUE FEATS.

Odd Physical Tricks That People Here and There Can Do.

A group of travelling men were discussing unique feats and physical tricks that people here and there can do.

"I know a Chicagoan," said one, "who can whistle a tune and hum its accompaniment at the same time. He whistles through a flat, not through the usual round hole, and the deep, musical accompaniment together with the shrill sweetness of the whistle makes a mighty attractive thing to hear."

"I knew a barber," said the second drummer, "who had a unique way of cracking nuts. He would place a nut between the back of his head and a stone or brick wall, and then he would give himself a sharp rap on the forehead with his fist. The nuts would crack open every time."

"A Manayunk man," said the third, "can give his head a jerk that turns back his eyelids. He has to turn them down again with his fingers. This is an ugly feat, and I'm glad it is rare."

"I knew at school," said the fourth drummer, "a boy named Bucky Adams who could play tunes by snapping his fingers. The thumb and first two fingers of each hand would work away busily, and forth would come the clearest, sweetest, faintest music. I used to sit with Bucky Adams, and many a tedious school session would be made shorter and pleasanter with this odd gift."—New York Press.
