Saturday last the editor accompanied his daughter, Miss Bess Alexander, to Corvallis, where she will attend the O. A. C. This school is a decided credit to the State, and one of which every Oregonian should be proud. Waldo Hall, the new ladies dormitory, is nearly completed and about half the rooms will be occupied this term. A new mechanical hall,—a large brick building—is being erected. The attendance this year is expected to be close to a thousand. Corvallis is growing probably faster than any other town of its class in the State. Saturday afternoon the streets were full of farmers' teams and the merchants all seemed to be doing a rushing business. The merchants there are satisfied that business has improved with them since the saloons were closed. The new city water works system is a success every way, and at the rate water is used, will pay for itself in a few years.

The big wooden tank, to hold the water supply for the woolen mill sprinkler system is now in place, and another week will probably see the system in running order. The erection of the big tower was no easy matter with the help and tools available and Sec'y Streff and his helpers are entitled to credit for the work they have accomplished.

A Criminal Attack
on an inoffensive citizen is frequently made in that apparently useless little tube called the "appendix." It's generally the result of protracted constipation, following liver torpor. Dr. King's New Life Pills regulate the liver, prevent appendicitis, and establish regular habits of the bowels. 25c. at Brewer's Drug Store.

The Reason Was Plain.
"There was a woman," said a lawyer, "whose husband was killed in a railroad accident. The railroad, to avoid suit, gave her \$5,000 damages. The sum satisfied the woman, but a month or two afterward, taking up a newspaper, she read about a man who had lost his leg in the same accident, and, behold, this man was given by the company damages to the amount of \$7,500. It made the woman mad. She hastened at once to the office of the railway's claim adjuster. She said bitterly:
"How is this? Here you give a man \$7,500 for the loss of his leg, while you only gave me \$5,000 for the loss of my husband."
"The claim adjuster smiled amiably and said in a soothing voice:
"Madam, the reason is quite plain. The \$7,500 won't provide the poor man with a new leg, whereas with your \$5,000 you can easily get a new husband and perhaps a better one."—Kansas City Star.

Afflicted with Sore Eyes for 33 Years.
I have been afflicted with sore eyes for thirty-three years. Thirteen years ago I became totally blind and was blind for six years. My eyes were badly inflamed. One of my neighbors insisted upon my trying Chamberlain's Salve and gave me half a box of it. To my surprise it healed my eyes and my sight came back to me.—P. C. EARLE, Cynthia, Ky.
