

DOCTORS MISTAKES

Are said often to be buried six feet under ground. But many times women call on their family physicians, suffering, as they imagine, one from dyspepsia, another from heart disease, another from liver or kidney disease, another from nervous prostration, another with pain here and there, and in this way they present alike to themselves and their easy-going or over-busy doctor, separate diseases, for which he, assuming them to be such, prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, keeps on his treatment until large bills are made. The suffering patient gets no better by reason of the wrong treatment, but probably worse. A proper medicine like Dr. Pierce's Favorite Prescription directed to the cause would have cured the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency. Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

THE VETERINARY.

The occurrence in Virginia of sore mouth of cattle, an inflammation of the mucous membranes, has led Veterinarian Spencer of the state experiment station to outline in Southern Planter a course of treatment, as follows: Remove afflicted animals from such pastures as have produced it. Provide nutritive food, which must be sloppy or soft boiled roots, bran and ground oats and corn made into mash. Pure water in abundance is very important. Among medicinal agents there is a large group which give favorable results. Probably none can be selected which can modify the condition more than freely washing out the mouth two or three times daily with a warm 1 per cent solution of creoline, to be followed after each washing by the following mixture applied to the denuded surfaces with a swab of cotton tied on a small stick: Chlorate of potash, four ounces; tincture of iron, four ounces; glycerin, six ounces; water, one gallon. Fodder containing fungus is thought to be a fruitful cause of the disease.

Poor Digestion in the Horse.

A mare constantly loses flesh, is hungry all the time, teeth appear all right and no signs of worms are noticed. A veterinary surgeon who has seen many such cases, generally with either bad teeth or worms, advises as follows in Rural New Yorker:

First have mouth examined by a competent veterinarian. Employ a man whom you know is up to date to fix her mouth and then have a druggist put up the following: Iron sulphate, four ounces; powdered gentian, six ounces; nux vomica, two ounces; powdered wormseed, four ounces; powdered ginger, two ounces; blood-root, four ounces. Have this all thoroughly mixed together and give the animal a heaping teaspoonful morning and night with her oats and bran, and at the end of two weeks give her one-half pint of raw linseed oil with one-half ounce of turpentine mixed in thoroughly with the oil.

Worms in Sheep.

The Louisiana experiment station has been treating stomach and tape worms in sheep and lambs with the following vermifuge: "Pulverized rosin, one part; sublimed sulphur, two parts; air slaked lime, four parts; common salt, sixteen parts. These materials were thoroughly mixed and placed in a small wooden box protected from the weather, and to which both ewes and lambs could have access at all times." As the sheep did not eat it well salt put in the feed was substituted. The salt did not prevent the worms from gathering in the stomach, but it seemed to promote a better gain.

Warts on Cow's Teats.

Remedies for warts on a cow's teats are various. Professor Donald McIntosh's idea, as given in American Agriculturist, is: Tie a strong thread tightly around the base of each wart and when it sloughs off apply a little tetrachloride of antimony to the parts once to destroy the roots of the wart. Then mix twenty grains tannic acid with one ounce each of glycerin and water; apply a little after each milking until the parts are healed. Use a milk tube to draw off the milk until cured.

He Heard of It.

Admiral Walker was a fine old sailor, and he was recognized as thorough. No personal friendship softened his manners to a delinquent. One day when he was sailing out from Hampton Roads with the international fleet that helped us to celebrate the centennial of Washington's first inauguration his orders about weighing anchor were disobeyed by his dearest friend in the service, who was in command of one of the ships, and as the old Chicago, the flagship, passed the trembling culprit the navies of the world heard "his whiskers" thundering out from the bridge objurgations and expressing wonder at his own moderation in not putting his old comrade under arrest. At another time when the white squadron was sailing out of a Mediterranean bay another old friend worked his ship so awkwardly that the admiral—then nearly a "trade dollar admiral"—suspended him by signal in the face of the whole fleet. The punished captain, coming aboard to protest against his public reprimand, puffed out indignantly, "Why, sir, I never heard of such a thing." "Well," said John, pulling at his big side whiskers, "you've heard of it now."—Harper's.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially affects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. ROBERTINE

Secret of a Beautiful Face

Keep the skin pure and cleansed. Just as it is not enough—that one should use the delicate surface soap exposed to the irritation of dust and germs to mercurials, a trace of sun and weather. After washing, apply Robertine and experience its delightful refreshment. You will admire the line-less softness it imparts to face, neck and arms. It not only stimulates a radiant glow, but protects the skin from becoming coarse. Prevents burning, tan and freckles.

CHAMBERLAIN'S COUGH REMEDY A SAFE MEDICINE FOR CHILDREN.

In buying a cough medicine for children, never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it, and relief is always sure to follow. It is intended especially for coughs, colds, croup and whooping cough, and there is no better medicine in the world for these diseases. It is not only a certain cure for croup, but, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult. For sale by Brewer Drug Co.

FRIEND TO FRIEND.

The personal recommendations of people who have been cured of coughs and colds by Chamberlain's Cough Remedy have done more than all else to make it a staple article of trade and commerce over a large part of the civilized world.

AN INSTANCE.

Lucy Suddreth, of Lenoir, N. C., had been troubled with a very bad cough for over a year. She says: "A friend bought a bottle of CHAMBERLAIN'S COUGH REMEDY, brought it to me and insisted that I should take it. I did so and to my surprise it helped me. Four bottles of it cured me of my cough."

It is very important and in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first sign of trouble—whice are belching of gas, nausea, sour stomach, headache, irritability and nervousness. These are warnings that the stomach has been mistreated; it is doing too much work and it is demanding help from you. Take something once in a while; especially after meals; something like Kodol for Dyspepsia and Indigestion. It will enable your stomach to do its work properly. Sold by Brewer Drug Co.
