

PERUNA EDITORIAL NO. 2.

Dr. Hartman has claimed for many years that Peruna is an **EXCELLENT CATARRH REMEDY**. Some of the doctor's critics have disputed the doctor's claim as to the efficacy of Peruna.

Since the ingredients of Peruna are no longer a secret, what do the medical authorities say concerning the remedies of which Peruna is composed?

Take, for instance, the ingredient **HYDRASTIS CANADENSIS, OR GOLDEN SEAL**. The United States Dispensatory says of this herbal remedy, that it is largely employed in the treatment of depraved mucous membranes, chronic rhinitis (nasal catarrh), atonic dyspepsia (catarrh of the stomach), chronic intestinal catarrh, catarrhal jaundice (catarrh of the liver), and in diseased mucous membranes of the pelvic organs. It is also recommended for the treatment of various forms of diseases peculiar to women.

Another ingredient of Peruna, **CORYDALIS FORMOSA**, is classed in the United States Dispensatory as a tonic.

CEDRON SEEDS is another ingredient of Peruna, an excellent drug that has been very largely overlooked by the medical profession for the past fifty years. **THE SEEDS ARE TO BE FOUND IN VERY FEW DRUG STORES.** The United States Dispensatory says of the action of cedron that it is used as a bitter tonic and in the treatment of dysentery, and in intermittent diseases as a **SUBSTITUTE FOR QUININE**.

OIL OF COPAIBA, another ingredient of Peruna, is classed by the United States Dispensatory as a mild stimulant and diuretic. It acts on the stomach and intestinal tract. It acts as a stimulant on the genito-urinary membranes.

Useful in chronic cystitis, chronic dysentery and diarrhea, and some chronic diseases of the liver and kidneys.

These opinions as to the ingredients of Peruna are held by all writers on the subject, including Bartholow and Scudder.

OF HYDRASTIS, BARTHOLOW SAYS it is applicable to stomatitis

(catarrh of the mucous surfaces of the mouth), follicular pharyngitis (catarrh of the pharynx), chronic coryza (catarrh of the head). This writer classifies hydrastis as a stomachic tonic, useful in atonic dyspepsia (chronic gastric catarrh), catarrh of the duodenum, catarrh of the gall duct, catarrh of the intestines, catarrh of the kidneys (chronic Bright's disease), catarrh of the bladder, and catarrh of other pelvic organs.

BARTHOLOW REGARDS COPAIBA as an excellent remedy for chronic catarrh of the bladder, chronic bronchitis (catarrh of the bronchial tubes).

BARTHOLOW STATES THAT CUBEB, an ingredient of Peruna, promotes the appetite and digestion, increases the circulation of the blood. Useful in chronic nasal catarrh, follicular pharyngitis (catarrh of the pharynx), increasing the tonicity of the mucous membranes of the throat. It also relieves hoarseness. Useful in atonic dyspepsia (catarrh of the stomach), and in chronic catarrh of the colon and rectum, catarrh of the bladder, prostaticorrhea, and chronic bronchial affections.

MILLSAUGH, MEDICINAL PLANTS, one of the most authoritative works on medicinal herbs in the English language, in commenting upon **COLLINSIA CANADENSIS**, says that it acts on the pneumogastric and vaso motor nerves. It increases the secretions of the mucous membranes in general. In the mountains of Virginia, Kentucky, Tennessee and Carolina, collinsia canadensis is considered a panacea for many disorders, including headache, colic, cramp, dropsy and indigestion. **DR. SCUDDER** regards it highly as a remedy in chronic diseases of the lungs, heart disease and asthma.

These citations ought to be sufficient to show to any candid mind that Peruna is a catarrh remedy. Surely, such herbal remedies, that command the enthusiastic confidence of the highest authorities obtainable, brought together in proper combination, ought to make a catarrh remedy of the highest efficacy.

This is our claim, and we are able to substantiate this claim by ample quotations from the **HIGHEST MEDICAL AUTHORITIES IN THE WORLD.**

Our Peruna Tablet Is Peruna With Fluid Removed.

HALF A BILLION FOR CANALS.

Stupendous Scheme of Senator Newlands, of Nevada.

Congress at its present session will face the greatest scheme for the aggrandizement of the commerce of the country that was ever presented. It will have before it the bill of Senator Newlands of Nevada, creating a first fund of \$50,000,000 for an inland waterway paralleling the shores of the Atlantic and the Gulf of Mexico

F. G. NEWLANDS.

and contemplating the expenditure of \$500,000,000 within the next ten years. It may not pass at this session. But that it must pass, or that some measure of commensurate magnitude must speedily be adopted, every man in American public life, from minor politician to far-seeing statesman, has already conceded. There is no choice, no alternative, unless it be the choice of purblind folly.

Senator Newlands, who introduced the bill, is one of the experts selected by the President as specially qualified for membership in the Inland Waterways Commission—the Nevada authority whose broad knowledge of the subject ranks him with Frederick H. Newell, the director of the reclamation service; Dr. W. J. McGee, the distinguished expert of the geological bureau; Gifford Pinchot, the government forester; Senator Warner of Missouri, who has been one of the most thoroughly versed students of the plan, and Representative Burton, long acknowledged as the Congressman qualified to speak the last word of wisdom upon the needs of the country's rivers and harbors.

"In the next ten years," declare Senator Newlands, "the United States should spend at least \$500,000,000 in the improvement of inland waters. The government should enter into this work in every section of the country, on the Pacific coast, the Atlantic coast, the Gulf coast, and along the Mississippi river and its tributaries."

The proposal is to cut a channel at the northern end of the interoceanic canal, from Barnstable bay, north of Cape Cod, to Buzzard's Bay, giving access to the comparatively smooth waters of Buzzard's bay and an inner passage down Long Island sound to the Delaware and Raritan canal, at Perth Amboy.

The Delaware and Raritan, deepened, is to give access to the Delaware river at Trenton, N. J., whence there will be the route of natural water courses to the Chesapeake and Delaware canal, which extends across the narrow neck of Delaware and the eastern shore of Maryland. This will provide a ship route from the Delaware river to the Chesapeake bay.

Down the Chesapeake bay the route proceeds to Norfolk and down the south branch of the Elizabeth river it is likely to cut across Currituck sound, through Coanjoek bay, across North Carolina, into Albemarle sound and on through Croatan sound into Pamlico sound.

Cutting through the Beaufort, it has access, by means of various cuttings, to an inland route paralleling the whole Atlantic coast line down to Florida, and then on, skirting the Gulf of Mexico and admitting the enormous traffic of the Mississippi, to Texas and to the mouth of the Rio Grande.

The Grinnell track team, last year the champions of Iowa, will make a strong bid for the same honors this spring.

The management at Nebraska has offered the Thanksgiving football date to Ames, the game to be played in Lincoln.

In a roller skating contest at Chicago Miss Pinkerton and Miss Souchard covered fifty-one miles and eight laps in four hours.

In connection with the Cuban winter festival it has been decided to inaugurate horse racing on a new track at Buena Vista, near Havana.

Brugger, the big tackle on the championship Ames football team, has been elected captain of the Ames track team for the spring of 1908.

Louis Drill, one of St. Paul's veteran catchers, who played with Pueblo, Colo., last season, will manage the Terre Haute, Ind., team this season.

The New York Jockey Club has issued a pamphlet entitled "The Truth About Racing," which is intended as an answer to the various criticisms against the sport.

George Hackenschmidt of Russia easily defeated Joseph Rogers, American, in the wrestling match at Oxford muscle hall, London, for the championship of the world.

The girls' basketball team of the State agricultural school defeated the girls of Drummond hall, Minneapolis, in the armory at the agricultural school, by a score of 84 to 8.

Spring Medicine

The best is Hood's Sarsaparilla. It is the best because it does the most good.

While it makes the blood pure, fresh and lively, it tones the stomach to better digestion, creates an appetite, stimulates the kidneys and liver, gives new brain, nerve and digestive strength.

An unequalled list of cures—40,366 testimonials in two years—proves its merit.

Sarsaparilla—For those who prefer medicine in tablet form, Hood's Sarsaparilla is now put up in rheumatoid tablets called Sarsatabs, as well as in the usual liquid form. Sarsatabs have identically the same curative properties as the liquid form, besides accuracy of dose, convenience, economy—there being no loss by evaporation, breakage, or leakage. Sold by druggists or sent by mail, C. I. Hood Co., Lowell, Mass.

Mrs. J. F. Gee, 50 Gould Street, Stoneham, Mass., says: "In 25 years experience I have never known Hood's Sarsaparilla to fail, for spring humors and as a general blood purifier; it cures scrofula, eczema, has no equal as a general spring medicine. It gives me genuine satisfaction to say this."

Unerring Maternal Instinct.
"They look exactly alike, and you dress them exactly alike, Mrs. Highsnoggle," said the caller. "How can you tell them apart?"
"That isn't hard to do," answered the mother of the twins. "If I slap Johnny and he swears a blue streak I know it's Dick."

To Break in New Shoes.
Always shake in Allen's Foot-Ease, a powder. It cures hot, sweating, aching, swollen feet. Cures corns, ingrowing nails and bunions. At all druggists and shoe stores, 25c. Don't accept any substitute. Sample mailed FREE. Address Allen S. Olmsted, Le Roy, N. Y.

No Wonder.
Mike—How foine th' polacemin is th' park look!
Pat—An' phoy not? Don't aich wan hov' a nurse?—Judge.

OLD SORES FED AND KEPT OPEN BY IMPURITIES IN THE BLOOD

Whenever a sore refuses to heal it is because the blood is not pure and healthy, as it should be, but is infected with poisonous germs or some old blood taint which has corrupted and polluted the circulation. Those most usually afflicted with old sores are persons who have reached or passed middle life. The vitality of the blood and strength of the system have naturally begun to decline, and the poisonous germs which have accumulated because of a sluggish and inactive condition of the system, or some hereditary taint which has hitherto been held in check, now force an outlet on the face, arms, legs or other part of the body. The place grows red and angry, festers and eats into the surrounding tissue until it becomes a chronic and stubborn ulcer, fed and kept open by the impurities with which the blood is saturated. Nothing is more trying and disagreeable than a stubborn, non-healing sore. The very fact that it resists ordinary remedies and treatments is good reason for suspicion; the same germ-producing cancerous ulcers is back of every old sore, and especially is this true if the trouble is an inherited one. Washes, salves, nor indeed anything else, applied directly to the sore, can do any permanent good; neither will removing the sore with caustic plasters or the surgeon's knife make a lasting cure. If every particle of the diseased flesh were taken away another sore would come, because the trouble is in the blood, and the **BLOOD CANNOT BE CUT AWAY.** The cure must come by a thorough cleansing of the blood. In S. S. S. will be found a remedy for sores and ulcers of every kind. It is an unequalled blood purifier—one that goes directly into the circulation and promptly cleanses it of all poisons and taints. It gets down to the very bottom of the trouble and forces out every trace of impurity and makes a complete and lasting cure. S. S. S. changes the quality of the blood so that instead of feeding the diseased parts with impurities, it nourishes the irritated, inflamed flesh with healthy blood.

I was afflicted with a sore on my face of four years' standing. It was a small pimple at first but it gradually grew larger and worse in every way until I became alarmed about it and consulted several physicians. They all treated me but the sore continued to grow worse. I saw S. S. S. advertised and commenced its use and after taking it a while I was completely cured. My blood is now pure and healthy from the effect of S. S. S. and there has not been any sign of the sore since S. S. S. cured it.

THOS. OWEN, West Union, Ohio.

S.S.S.
PURELY VEGETABLE

Then the sore begins to heal, new flesh is formed, all pain and inflammation leaves, the place scabs over, and when S. S. S. has purified the blood the sore is permanently cured. S. S. S. is for sale at all first class drug stores. Write for our special book on sores and ulcers and any other medical advice you desire. We make no charge for the book or advice.
