

### Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliance vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness to the fact in a natural and comely way. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native, American, medicinal roots most highly recommended by leading medical authorities of all the several schools of practice for the cure of woman's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mothers, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and strengthening nerve nicely adapted to woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

### A Fair Chance.

Dressed in the latest and most approved motor cycling costume, with goggles all complete, the motor cyclist gayly foot-tottered his way by Regent's park toward the zoo. Suddenly he slackened, dismounted and said to a small, grubby urchin:

"I say, my boy, am I right for the zoo?"

The boy gasped at so strange a sight and thought it must be some new animal for the gardens.

"You may be all right if they have a spare cage," he said when he could find his tongue, "but you'd ha' stood a far better chance if you'd 'd a tail!"—London Answers.

### Stayton Holds the

### Banner Institute.

Stayton School receives many praises from State Supt. Ackerman, County Supt. Smith, the president of the State University, P. L. Campbell and R. L. Traver, who were delighted with the class work, the drawings, the Book-keeping results, and said that Stayton should feel proud of its School.

Early on Saturday morning teachers, school children, teachers from surrounding districts, and from Salem, patrons of schools, and interested citizens of education thronged the school building.

Much interest was manifested throughout in all the subjects discussed.

State Supt. Ackerman spoke such beautiful words to those parents who stand back of the school and help it along. The relation between the parent and the teacher means much to the child. It would take too much space to tell of one-half of the good things along the educational line that were uttered by these, the best educators in the Pacific Northwest. Those who could not attend, missed a great treat.

The work which called forth special admiration was put up by Geo. Brewer, Ed. Brucher, Nick Stehly, Etta Gentry, Roxey Stayton, Ethel Mack, Glenn Porter, Bessie Murphy, Norman Davis and Arnold Funk.

The people of Stayton were generous to the visiting teachers and friends, and a lunch was served by the Misses Minnie Miller and Veva Gardner, assisted by Milca Roy, Rena Burson, Ruby Sandman and Malana Sestak. The tables were decorated tastefully, and all spent a happy time around them.

A spirited, lively, up-to-date program was rendered by the pupils, and enjoyed thoroughly by all present. Mr. Ramsey had charge of the singing and Miss Cornelius of the Elocution department in the upper grades, and Miss Gardner and Miss Miller of the other grades. The pupils did themselves proud. The rest of the day was given to Institute work. All the speakers urged the pupils and friends of education to look well to High School work. Give your boys and girls a thorough High School education, insisting that they do thorough work in the Public School Course before entering the High School Course, and they will stand a much better chance to make a livelihood when thru school, and school days are past.

Supt Smith closed the Institute at 4 p. m. He has had splendid Institutes during the school year, held at different points in this county, and this Institute closed the Institute work for the present. He named this the Banner Institute. \*\*

### An Enthusiastic Meeting.

The meeting held at the opera house last Friday night for the purpose of discussing the question of locating a Union High School in Stayton was well attended. Addresses were made by State Supt. Ackerman, Pres. Campbell, of the U. of O., Prof. Traver, and others.

Those present seemed to be unanimously in favor of a Union High School, and a committee was appointed to take the matter in hand. The committee is composed of the following: E. Shepherd, G. W. Murphy, W. L. Freres, W. E. Thomas, Dr. Brewer, A. L. Shreve and E. D. Alexander.

This committee met Monday night, the 4th, and issued a call for a citizens' meeting to be held Monday night, the 11th, at the City Hall.

The speeches by the visiting gentlemen were forceful and to the point, and showed the advantages to be gained by all interesting themselves in a Union High School. We wish everyone

in this and surrounding districts could have been present at the meeting.

A Union High School is one of the great needs of this section. Considerable money is expended every year by people sending children away to school, that could be saved by a Union High School, and many children are deprived of the privilege of taking higher grades by the inability of parents to meet the cost of sending children away from home. A Union High School located in Stayton would be of untold benefit to the people of surrounding districts.

The trouble with most cough cures is that they constipate. Kennedy's Laxative Cough Syrup does not constipate, but on the other hand its laxative principles gently move the bowels. It is pleasant to take and it is especially recommended for children, as it tastes nearly as good as maple sugar. Sold by Stayton Pharmacy.

A great many people imagine they have heart trouble when the fact is that the who trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and when ever you feel a depression after eating or whenever your food seems to nauseate take Kodol.
