The W. F. Klecker Store is the
Creator of the "One
Price Way."

There are many things about this young store that will vitally interest you. Some people told us we couldn't make a success of this store by having a "guaranteed one price" on good clothing. They argued that the sliding scale price plan had been in operation in this city for so long a time that the people could not get accustomed to any other method. But these people underrated the intelligence of the public. That the public appreciates the advantage of buying "the one price way" when that price is the lowest in town, is shown by the manner in which the store is growing.

We also carry a full line of ladies dress goods, shoes, notions, and will gladly make your acquaintance in the one price plan.

Your friend,

W. F. KLECKER.

Notice to the Public.

If you are thinking of building this summer remember our line of builders hardware is complete and before buying come and get our prices.

In paints we handle the famous Sherwin-Williams brand, Pattons Sun Proof, white lead and the best oils money can buy. We also have a fine line of Varnishes, Stains, Wood-fillers, Crackfillers, and Primers.

Do not overlook Eboncoat, an elastic preservative and durable coating that stops leaks and prevents rust and decay in all felt and metal roofs.

Remember our Furniture line is always complete and don't fail to see the Sweet Clover and Baby Grand ball bearing lawn mowers.

Our motto: Good Goods, Low Prices and a Square deal for All.
