All Kinds of People Wear Lancefield's Shoes!
 The poor man wears them because they save him money. The well-to-do man wears them because they indicate prosperity. The young people wear them because they have style. The old folks wear them because they are comfortable. The children wear them because their mothers know what is best for them. The barefooted boy is glad to wear them after he has punctured his epidermis a time or two.

Everybody wears Lancefield's Shoes
