Horseshoe Camp Meets every 2d and 4th Monday night. Choppers welcome. E. B. WATTERS, Clerk. O. V. MYERS, C. C.

CELEBRATE TWENTY-FIRST BIRTHDAY.

Monday evening, October 12th a number of friends through the storm wended their way to the home of Mr and Mrs W E Thomas to do honor to their son Lou L.

In a short time the large room which had been artistically decorated in fall foliage and flowers by Mrs Thomas and her daughter Mrs Amy Thompson of Portland, was filled with friends who showed their appreciation of the worth of this young man by presenting him with many birthday gifts which carried with them the best wishes for his future success.

L L is a young man of much capability in business life, and has a host of friends who wish him well.

Those things which go to make a delightful "spread" were served in an unusually charming manner.

The hours flew swiftly by, and at last the band of merry makers bade the kind host and hostess good night, after wishing their friend Lou L many happy returns of the evening.

A Volcanic Eruption.

Did you hear the noise caused by the great "Blow Out" at Horseshoe Camp No. 606 W O W October 12. If you did not then you missed the best time of your lives. The first gun was fired for the Marion County campaign in this neck of the woods and a gala time was had until the "wee sma" hours of the night. A number of choppers from Pine Camp of Silverton were with us also neighbor B N Rounds district organizer.

Special prizes were given in which neighbor Earl Wright was the lucky one for the prize. A special prize given by B N Rounds was carried on by neighbor Geo Lentz. The ladies prize was secured by neighbor Ella Wright.

The evening was spent in music and comic stories. We enjoyed the song of neighbor E A Weddle of Latah Washington also of neighbors Wood, Browne, and others. The chicken supper was a howling success and all went away feeling that it was good to be there. Don't miss our next meeting night, there is something doing.

We are in the campaign and don't you forget it. Five applications were secured. Get in the swim neighbors of Woodcraft and don't forget that Horseshoe Camp is always in it, other camps must run to skin it.

E B Watters, Clerk Camp 606.

Erecting Two Cottages

The Brown Brothers of the firm of Lee Brown & Sons are building two fine cottages in the south western part of town. One of them is almost completed and the other will be put under way in a short time. Even at this date the first cottage is rented. That bears out what is said elsewhere in this issue, that more homes are needed in Stayton.

First Steady Rain.

The first steady rain of the fall season started Monday evening about seven o'clock and continued for several hours. It started with a steady fall, not heavy but continued in volume until it got down to the proverbial Oregon mist. If the rain continues for several days it will make fall plowing much easier.

WHO?

The past week has been a very busy one on Third Street and the new cement walks are nearly complete, but here we wish to ask Who? Yes who, was it who had the sole desire of leaving his foot prints on the sands of time on Third Street, Stayton, County of Marion, State of Oregon, by deliberately climbing over the barricade at the south end of the newly laid walk, marching boldly the full length of the cement work sinking his heels into the unhardened material. It is impossible to remove the mark and no doubt the owner of the tracks is proud of them.

V N ROUNDS HERE.

V N Rounds, District Organizer for the W O W is in town this week looking up new timber for the great log rolling to be held in Silverton. The members of Horseshoe camp are putting forth a great effort to have a large class.

Dr Beauchamp reports the arrival of a daughter at the home of Theo Highburger and wife Thursday.

SCHOOL NEWS.

Youth is the period of enthusiasm and purpose. Then let our daily life be:

Here hath been dawning
Another blue day,
Think, wilt thou let it
Ship uselessly away?

We read in Rhetoric on yesterday, that in that single, simple verse of Carlyle's the secret of all victorious life is hidden.

Rev Robertson, a minister in the Presbyterian service made us a pleasant call yesterday.

Glenn Porter, one of the enthusiastic high of last year spent a few hours with us. Glenn could hardly tear himself away from school scenes. He is ready for the 11th grade, and says he is only waiting.

Ray Blakely a high of 1907 stepped in to renew old scenes. He wanted and longed to be back in school.

Clarinda Reese another high of '07 surprised us with her appearance at school. She was delighted to be with her friends once more.

Boys and girls come again.

Mrs Lentz was among our visitors this week.

Emma Frank joined the ninth graders Monday.

Isabel Vernon, recently from Scio, entered the 7th grade.

Otis Vernon entered the 6th grade.

Alta Smith registered Monday in the 6th grade.

Ethel Worth and Evelyn Comer registered Monday.

Miss Grace Crabtree reports three pupils who did not whisper last week. A D Gardner, Cecelia Mielke and Gladys Hammond.

Two experimenting committees are at work in the 8th grade.

Arnold Funk and Bessie Clow are to show the effect of air in soils. The class will observe how much better the dry warm, open soil is for growing farm crops.

The Entre Nous society will render a program on Friday. They will have songs, recitations, compositions, solos, instrumental music and a society paper edited by Harvey Beauchamp and Mable Gardner. Guy Sloper and Harvey Beauchamp were appointed leaders in the music line. Guy has charge of the instrumental music and Harvey the vocal music. We look for a splendid display along these lines in the near future.

As Everett Womack put the dinner pail in its usual place upstairs the principal patted him on the back and said, "Thank you, I can depend on you every time to bring this lunch, my little man." He went down stairs looking happy.

A literary society has been organized in the grammar room with the following officers: Pres., Nora Murphy, Vice Pres., Florence Morton, Sec., Ed Blakely, Treas., Bob Morton.

A great fire has been kindled in Algebra, and Herschel Shreve came out victor this time on that which required right thinking to accomplish. Mae Crabtree followed in line, and the rest of the class will not give up. They say, "What has been done, can be done." That is the kind we want.

"A get-up-and-climb young man,
A willing-to-work,
A never-will-shrink,
A sure-to-succeed,
A get-to-the-top young man."

Dr Kitchen Improving.

Dr Kitchen our pioneer physician, who has been ailing for several months is now steadily improving and is able to walk about town. He is looking much better, feels spry and his step is quite firm.

The doctor has a host of friends and it is a great pleasure for him and old time friends to spend several hours talking over pioneer days. The doctor and wife were over in Albany for a short visit recently.

Be sure and see the new post cards at the Stayton Pharmacy.

A. Beauchamp, of Stayton, at the residence of the bride's parents in Monmouth, Rev. W. A. Wood of the Christian Church officiating. Mrs. B. F. Mulkey, sister of the bride, received the guests. Preceding the ceremony Mrs. Allen Clarke sang "All the world Loves a Lover," then to the strains of Mendelssohn's wedding march the bride and groom took their places in the beautifully decorated parlor of the spacious home, attended by the flower girl, little Frances Hawley, niece of the bride.

The bride was beautifully gowned in maize-colored silk and carried a shower bouquet of brides roses. Refreshments were served by Misses Effie Shore, Lillian Bogert and Opal Boothby. Miss Lepah Hawley, niece of the bride presided at the punch bowl. Mr. and Mrs. Beauchamp left for their wedding trip to Victoria, B. Wheat Looking Good.

The great acreage of fall wheat that has been sown in the Waldo Hill country and on Fern Ridge and throughout the northeastern section of this valley is looking splendid. The soil is in excellent condition and with the recent rains there will be a fine stand for next year. The fields of fall sown grain make beautiful green contrasts when interspersed between the sear stubble.

Mail Service Changed

There has been a change in the mail service for Klumb and vicinity that is not meeting with general approval. Up to a short time ago that section was afforded a daily mail, now they are cut to twice a week, that makes matters very disagreeable and steps are to be taken by which another change will be made.

The mail for Klumb is at present supplied from Lyons through Mehama but why the department should see fit to discontinue the daily service is not clear to all concerned.
