

Stayton Mail

Entered at the post office at Stayton, Oregon, as mail matter of the second class.

THE MAIL is strictly non-partisan but devoted to the general interests and up-building of southeastern Marion county and Stayton in particular. The MAIL desires the hearty cooperation of every community into which it is sent regularly to subscribers, but all subscriptions must be paid for during the year according to the following ruling:

By an order of the Postmaster General of the United States, issued Dec. 4, 1907, no weekly newspaper can be mailed to any subscriber at the regular second-class rates, when such subscriber is more than one year in arrears. This order took effect January 1, 1908.

The penalty for violating the order is exclusion from the mails. This forces THE MAIL and all other papers to insist that subscriptions be paid during the year.

Rates in Advance 12 months \$1.25
6 " .55
3 " .25
Single Copy .05

On and after this date, August 7th 1908 the following rates for advertising will be adhered to except in the case of the completion of contracts already made.

Display advertisements 15 cents per line single col.
Patent Medicine " 25 " " double "
Locals 1.00 " " single "
Legals 1.85 " " double "
Final Proof H. E. 3.00 " " line single "
New Today 5 " " first issue thereafter
T. & S. 10.00 " " word per line.

These rates apply to foreign as well as local advertising and will be strictly adhered to. All communications sent in for publication must bear the signature of the writer. This rule applies to either local, general, political, church, or other items.

Box 98 Stayton, Oregon.

FRED G. CONLEY, EDITOR.

This will be the last issue of the MAIL before the coming election and as we are not well acquainted in this section, it is not our desire to set before the citizens the choice which suits us for any of the several officers to be voted for, but we do urge upon every voter in Marion county to support to a man, the County High School proposition. In the affirmative vote for this educational achievement Marion county will do more for the rising generation than they at the present realize lies within their power.

We believe in the advancement of educational facilities as rapidly as the conditions will permit, but by all means give the rural districts as good a chance as the city when it is possible. True, the rural districts do not carry as high assessed values as the inter-urban and suburban properties but the children are in as great need of education as those who reside in mansions amid scenes of splendor and gaiety. It is not what a child sees once in a lifetime that shapes its destiny, but the home influence does more to ruin or promote the hopes born in the heart of every child.

Fellow voters give this matter your serious attention and when you have the opportunity presented to assist the advancement of educational facilities in your locality do so, even though you have not been fortunate enough to have had the benefit of a college education. Take for example, a few of our most successful business men of today make the boast that they had no education, but to whom do they go

when they want the services of an attorney or other professional man, is it to one that has never received an education, no indeed, they go to the highest educated personage in the land, for they realize that in that individual they can find what they need--information--so therefore, again we say, support the county high school with all your heart and see to it that Marion county gives to its posterity the best educational facilities in the Beaver State.

W S WATERS, Postmaster.

Resolutions.

WHEREAS it has pleased Almighty God to take from us our beloved neighbor Phoebe Downing and

Whereas Good Luck Circle No 700 Women of Woodcraft has lost a worthy and efficient neighbor therefore be it

Resolved by Good Luck circle No 700 W O W that we express our sincere sorrow to G A Downing and his dependent ones.

Resolved that as our Campfire has grown dim by the loss of so good a neighbor that our faith shall mount to the great Campfire beyond where Angle hands shall see that it shall burn with a greater and more fervent light.

Resolved that we shall throw a mantle of sweet charity around her dependent ones, whom she so wisely provided for before taking her exit to the great Campfire beyond.

[Signed] E B Watters,
Ethel Mack,
Cora Hendershott,
Committee.

Warning Notice.

Stolen Money Order Forms.

Business men should be cautioned that when the payees named in money orders are unknown such orders should not be cashed nor should goods be furnished in lieu thereof. Swindlers and forgers are ever on the alert to take advantage of the least lack of proper caution.

Will Weddle.

Will Weddle, so we have been informed is planning to erect in the near future an eleven room bungalow on his property. He has considered the several propositions offered in homes and thinks that a modern bungalow is the best for his tastes and needs. Good for you Will, let the good work go on. Stayton is on the advance at a steady pace.

A Master Stroke of Typewriter Invention.

New Oliver Automatic Tabulator, a Twin Improvement to the Oliver Ruling Device.

Just a simple change in mechanism for tabulating--operated by a single key.

Yet that single key unlocks scores of doors to added typewriter convenience. It does away with the haphazardness of tabulating. The movements of carriage are controlled by unseen fingers. The tabulator works automatically with an unvarying accuracy.

Equipped with its new Automatic Tabulator, which can be operated in connection with the Oliver Line Ruling Device, the Oliver's sphere of usefulness is unlimited.

In the work of writing and ruling Statistical Reports, Invoices, Statements, Inventories, etc., Listing Check Deposit Slips, Cash Items, Vouchers, Cost and Credit Sales, Trial Balances, Pay Rolls, Cost Records and

scores of similar tabulated records, Oliver No 5 has no equal. It is the only machine that covers the whole broad field of modern commercial uses in a satisfactory way.

The Oliver Automatic Tabulator is an integral part of every new machine--furnished without a cent additional charge.

It caps the climax of a long series of improvements given to the world in the magnificent new Oliver No 5.

Each of these remarkable innovations--the Oliver Tabulator and the Oliver Ruling Device--supplements the other.

Together they form a combination of untold value in all branches of commercial accounting.

The Oliver Typewriter is first of all a

correspondence machine--supreme in splendid service. It makes work a pleasure by providing automatic means of spacing, tabulating, ruling, indicating exact printing point, securing proper register, etc.

The saving of time, of mental calculation of manipulation, of extra attention and of eye strain is an incalculable benefit to the operator.

And the gain in volume of work well done--without extra operative effort--means much to every employer.

Write for the new Oliver Catalog--or better still--ask the nearest Oliver Agent for a free demonstration of Model No. 5.
