

Stayton Mail

Entered at the post office at Stayton, Oregon, as mail matter of the second class.

The Mail is strictly non partisan but devoted to the general interests and upbuilding of southeastern Marion county and Stayton in particular. The Mail desires the hearty cooperation of every community into which it is sent regularly to subscribers, but all subscriptions must be paid for during the year according to the following ruling:

By an order of the Postmaster General of the United States, issued Dec 4, 1907, no weekly newspaper can be mailed to any subscriber at the regular second-class rates, when such subscriber is more than one year in arrears. This order took effect January 1, 1908.

The penalty for violating the order is exclusion from the mails. This forces THE MAIL and all other papers to insist that subscriptions be paid during the year.

Rates in Advance 12 months \$1.25
6 months .65
3 months .35

Single Copy

On and after this date, August 7th 1908 the following rates for advertising will be adhered to except in the case of the completion of contracts already made.

Display advertisements 15 cents	per line single col.

Locals	" " " " " " " "
Legals	" " " " " " " "
Final Proof H. E.	" " " " " " " "
New Today	" " " " " " " "

These rates apply to foreign as well as local advertising and will be strictly adhered to. All communications sent in for publication must bear the signature of the writer. This rule applies to either local, general, political, church, or other items.

Box 38 Stayton, Oregon.

FRED G. CONLEY, EDITOR.

County School Sup't Smith says the press defeated the high school bill; and he is right. At Salem, Gervais and Jefferson, where the papers supported the measure, the vote was largely in its favor, while at Silverton it was almost unanimous against it, and Woodburn also went the wrong way. Of course those editors had a right to oppose the measure, and use what they deemed good judgement in doing so. They are good papers with lots of influence in their fields, and we hope to see them experience a "change of heart" and help carry Marion at next election by 2,000 for high school. --Jefferson Review.

Baptist Church.

A Birthday sermon.—If the undersigned lives and has his health next Sunday, he will be sixty-eight years of age. He has had twenty years experience as a school teacher, and over twenty-five as a preacher of the Gospel, and has brought up a family of children to manhood and womanhood, has seen something of life in many States and will endeavor to give his congregation next Sunday morning some of the results of his experience and observation and study in the line of "CHILD TRAINING." While he makes no pretensions to having completely mastered his subject, and while some may not agree with him on all points, we believe the subject will at

least be worthy a hearing and therefore all parents, all teachers and all who are liable to join either of these classes, are cordially invited and any one else will also be welcome. The text will be Solomon's words, "Train up a child in the way he should go and when he is old he will not depart from it."

A. H. Carman, Pastor Baptist Church.

SCHOOL NEWS.

The school house doors are closed to day, Wednesday, and will be until Monday morning. The teachers here join the large army of instructors who will attend the annual institute at Salem for the next three days. Much good comes from these gatherings in the great field of education.

A practice lesson in civics was given

on Tuesday to the 7th, 8th and 9th grades by L. S. Lambert assisted by Director E. Shepherd. The method of voting was explained and the lesson demonstrated. It was a success. The grades voted intelligently and with credit to themselves and this community. The lesson was thoroughly enjoyed by all. Everything was arranged and carried on just the same as on a regular election day. Different pupils were tagged such as first clerk second clerk and so on.

Guy Kearns made a large copy of the Official ballot for Stayton precinct on the board. From this copy Mr Lambert made a splendid talk.

We must not forget that "The Public School is the hope of the Nation."

Mrs Huntley, Mrs Mertz, Mrs Jackson and Miss Caspell were visitors during the week.

Miss Mable Gardner has returned to school after a very severe illness.

Those out of school on account of sickness were Mae Wright and Ethel Worth.

Mr Shepherd was busy throughout the proceedings.

It was a delightful lesson thoroughly enjoyed by all.

Through Miss Cornelius a rousing vote of thanks was extended these two instructors in civics by the class of voters. This lesson will never be forgotten. When these pupils arrive at the age or time when they are entitled to vote they will vote intelligently.

The School house yard was cleaned on Friday afternoon, different grades going out at different periods. The lower rooms worked just after dinner and the upper rooms after 3 p. m. taking no recess upstairs.

Thanksgiving exercises at school on Wednesday between three and four in the afternoon. All are invited to come at that time and at all times.

Berean Club Has Enjoyable Trip.

Last Saturday evening the Berean Club met at the home of J. T. Follis near Kingston. The purpose for meeting at Mr. Follis home was on account of Miss Jessie Goodman who with her mother is staying there for the benefit of the former's health.

Among those present were Harvey Beauchamp, Tom and Stephen Taylor, Clifford Harold, Otis Vernon, J. T. and Carl Follis, John Crabtree. Misses

Hallie Shelley, Alice Shepard, Irene Shelley, Grace Crabtree, Della Harold Mable Cornish, Ina Harold, Lettie Weddle, Jessie Goodman and Mrs Goodman. An unusually pleasant evening was spent by the young people and after the regular Bible study was over numerous games were played and in one of them a handsome prize was given in the way of a lovely motto set in a neat frame. Clifford Harold being the lucky person secured the prize. During the evening lunch was served and at a late hour the guests departed feeling that they had been well repaid for their trip into the country. They also wish to thank Tom Taylor for furnishing the means of transportation.

North Santiam Nuggets

Elder Gressman of Eugene, delivered two very interesting discourses last Sunday at the North Santiam christian church.

The pupils of the North Santiam public school held a Social last Saturday evening for the purpose of raising funds to get an organ for the school. A number were out and quite a sum was realized.

Gilbert Beal, who lives near the Providence church was visiting his brother Ed Beal of this place, Sunday. Elder Neal and wife held services at the Saint's meeting house Sunday morning and evening.

Elisha Oglesbee has been visiting relatives in Salem the past several days.

Messrs Thomas and Mack went to Salem Tuesday, to purchase an organ for the school at this place.

May Burnett of Marion, was visiting at the home of U. G. Clark, Sunday.

Alf Beal who has lived among us for several years, has gone to California, with the intention of locating there.

Will McCannon is suffering with a severe attack of erysipelas on his face.

Mr Bunell of Grants Pass, has purchased the property of Mrs Chance, on which the Carbolineum dipping plant is located.

The Ladies of the Christian Church will hold a Thanksgiving Dinner in the building formerly used by Watters & Queener. The public is cordially invited to attend. Come and help the ladies and make this a gala feast of the year. Dinner tickets 25 cents.

A Master Stroke of Typewriter Invention.

New Oliver Automatic Tabulator, a Twin Improvement to the Oliver Ruling Device.

Just a simple, clean-out mechanism for tabulating—operated by a single key.

Yet that single key unlocks scores of doors to added typewriter convenience. It does away with the brain-tension of tabulating. The movements of carriage are controlled by unseen fingers. The tabulator works automatically with unvarying accuracy.

Equipped with its new Automatic Tabulator, which can be operated in connection with the Oliver Line Ruling Device, the Oliver's sphere of usefulness is unlimited.

In the work of writing and ruling Statistical Reports, Invoices, Statements, Inventories, etc.—Listing Checks, Deposit Slips, Cash Items, Vouchers, Cash and Credit Sales, Trial Balances, Pay Rolls, Cost Records and

scores of similar tabulated records, Oliver No. 5 has no equal. It is the only machine that covers the whole broad field of modern commercial uses in a satisfactory way.

The Oliver Automatic Tabulator is an integral part of every new machine furnished without a cent additional charge. It caps the climax of a long series of improvements given to the world in the magnificent new Oliver No. 5.

Each of these remarkable innovations—the Oliver Tabulator and the Oliver Ruling Device—supplements the other.

Together they form a combination of untold value in all branches of commercial accounting.

The Oliver Typewriter is first of all a correspondence machine—supreme in splendid service. It makes work a pleasure by providing automatic means of spacing, tabulating, ruling, indicating exact printing point, securing proper register, etc.

The saving of time, of mental calculation of manipulation, of extra attention and of eye strain is an incalculable benefit to the operator.

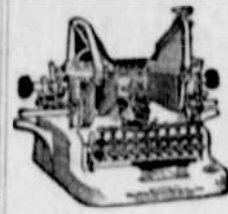

And the gain in volume of work well done—without extra operative effort—means much to every employer.

Write for the new Oliver Catalog—or better still—ask the nearest Oliver Agent for a free demonstration of Model No. 5.

The Oliver Typewriter Co.

1325 First Avenue,

Seattle, Washington.

Pride is Universal

Our PRIDE UNIVERSAL STEEL RANGE is our leader in ranges. They are made in different sizes but have all necessary requirements to suit the most exacting cook or housewife.

White Porcelain Lined Oven Door, easy to keep clean and practically indestructible.

Spring Balanced Drop Oven Door, when open rests on cast lugs projecting from door hinges, making same a very substantial oven shelf.

Key Plate Top with heavy covers and centers, will not warp or firecrack and will outlast the bolted top as used in other ranges.

Main Top is made in four sections, securely bolted together, allows for expansion and contraction and is away from the direct action of the fire.

Patent Adjustable Sliding Oven Damper always works easily and gives perfect control of the heat in the oven.

Fire Box is fitted with extra heavy sectional cast linings, thoroughly ventilated to guarantee its lasting qualities.

Duplex Grate when reversed forms a perfect wood burning grate and can be removed through front of range without disturbing the fire box linings.

Large Ash Pit Section allows a free circulation under grate.

The Oven Top and Flues are extra wide and deep, allowing a free circulation of heat and assuring a uniform heat throughout the oven; also all of the six lids receive the benefit of all heat direct from the fire box.

Extension Fire Box for Wood. Large Bailed Ash Pan.

Pouch Feed Door with check slide damper. Cast Iron Reservoir Casing fitted with large white enameled reservoir.

The Nickel Trimmings are artistically designed, prepared and plated by a special process giving them a brilliancy found only on Universal Stoves and Ranges.
