# The Spirit of Easter Is Purity, So Let's Clean Up the City Tuesday

### Census Enumerator at Work; Soon to Be Seen Throughout Country

Scenes like that shown in the accompanying picture will be very common in the United States any time after April 15, when the census enumerators will begin the work of numbering the people.

## STAYTON CLEAN-UP DAY IS MARCH 29

To the Citizens of the town of Stayton:

Notice is hereby given that Tuesday, the 29th day of March, 1910, has been designated and set aside as Clean-up Day for Stayton.

Let us declare a half holiday and join the rank and file in cleaning up our streets, alleys and yards, of all rubbish, refuse and all that is unsightly and unsanitary, remove it and deposit the same in the street or alley convenient to the load.

Teams will be employed to remove the rubbish to the garbage pile, but every person will be required to help load the truck that comes to his premises.

It is the duty of each and everyone to see that his yard, alley and part of the street is cleaned up and cleared away. Any person failing to do so at the time set will be obliged to haul away his own at his own expense.

Let public spirit be manifest, with scoop, shovel and rake. Scoop up and rake up every bit of waste, refuse and filth that has accumulated during the winter months. Help to make Stayton the cleanest and best town in the whole valley and in the State.

If we can not have paved streets, we can at least have them clean and sanitary which will add much to the appearance and comfort of our homes.

Get busy now--All together for a cleaner and better Stayton. Dated this 22nd of March 1910.

W. L. FRERES, Mayor.

You want the Normal School question separated from politics. That is what the Initiative bill does for Monmouth. This is your opportunity to keep it always separate. The State educates her lawyers, farmers, doctors, pharmacists, etc., why not her teachers. We must have schools. The better trained the teacher, the better school and more intelligent service the child gets. Vote, yes, for Monmouth. 7-5

### CARD OF THANKS.

We, the undersigned, desire to thank all friends and neighbors who were so kind to us in our bereavement, due to the loss of father and son.  
MRS. JOS. HASSLER AND FAMILY.

STRAYED--TWO HORSES; ONE A sorrel and one a bay, each with a white star in forehead and had halter on; weight about 950. Notify J. M. Teabo, Chemawa. 7-3

## LAST MAN OF G. A. R. WILL LIVE IN OREGON

Firmly believing that Oregon has the best climate in all the world, Commander James P. Shaw, Department of Oregon, Grand Army of the Republic, said when in Stayton last Friday that he was confident the last Grand Army post would be mustered out in Oregon, that he hoped to perform the last sad rite, and also that, in his opinion, the last survivor of the Union army in the Civil war would call Oregon his home.

"We have the finest climate on earth," said Cap. Shaw to the editor. "Not only that, when one considers the geographical position of Oregon, as compared with the eastern States of the Union, and its remoteness in the days of 1865 and 1866, when our boys were being mustered out of the fighting lines to depart for the four corners of our country, one can safely assert that only the hardiest and most virile among these grizzled veterans sought out this wilderness—a wilderness then, but the Garden of today. Taking all these facts into consideration, it goes without saying, almost, that the last G. A. R. post will be in this grand State, and that the last surviving Grand Army man will here reside."

The commander paid a high tribute to Stayton and the Waldo Hills farming section, agreeing with the people who live here that it is the very best in the State, and the United States. "I have lived in Oregon a long time," he said, "and I have traveled far and wide, but never in my life have I seen better farming country, or richer, more fertile soil, than right here in the Waldo Hill region. The delta of the Nile is no richer."

Commander Shaw came here to talk to the school children, and all those in the public school, several hundred strong, marched downtown in solid phalanx, two abreast, carrying flags in their hands. Then all repaired to the opera house, where the commander explained the Civil war, its objects and its conclusion, so that all the young people who heard him could not fail to understand why America is the land of the free and the home of the brave.

## Philadelphia's Mayor Hanged In Effigy on Trolley Wire

Philadelphia's streets during the great labor disturbance begun by the strike of the trolley men furnished many interesting spectacles, but few more striking than that of the hanging in effigy of Mayor John E. Reyburn of the city. He was accused, justly or unjustly, of siding with the company.

## MASS ON EASTER SUNDAY

Mass in honor of St. Paulina will be sung by the choir of the church of the Immaculate Conception, Stayton, Easter Sunday morning, commencing at 8:30 o'clock. After the high mass, Father A. Lainek will pronounce the benediction and the choristers will sing the Agnus Dei.

Like other Catholic masses, the St. Paulina mass begins with the Kyrie, followed in regular order by the singing of the Gloria, Credo, Sanctus, Benedictus and Agnus Dei. Priest and choir join.

Easter is the greatest day of obligation, probably, in the Roman Catholic church, the world over, and it will be no exception either in Stayton or Sublimity. Father Lainek will officiate in both places.

The choristers in Stayton will be: Lena Spaniol and Aggie Kerber, sopranos; Rosa Kerber, alto; Lee Kerber and George Spaniol, basses; Michael Laux, tenor. Rosy Rock is organist.

### SUBLIMITY SUNSHINE.

Stayton Mail Correspondence.

SUBLIMITY, Or., Mar. 24.—Ant. Van Handel, our master-of-trade harnessmaker, was relieved of three of his well-made harnesses last week, but he has many more on display; also, he must fill other orders within a limited time.

The Alva Smith place is again occupied for an indefinite time. The present tenant, Frank Mick, recently from Kansas, intends to farm it on a large scale, and also to build up an extensive dairy and poultry ranch.

P. M. Hermens has sold his wagon and fine team of Clyde mares to F. Mick, west of town. This looks suspicious, but have patience, it is coming.

## Sent From Africa by Roosevelt; Specimens to Be Put on Exhibition

The work of preparing the Roosevelt specimens for exhibition is going forward steadily in the National museum in Washington. They will be ready for inspection by the public about next July. The mounted animal of the deer family is not a Roosevelt trophy, but the bones are all from his collection.

Dr. C. H. Brewer, of this city, and father Dr. J. H. Brewer of Salem, who are on a tour embracing two continents pursuing post-graduate work in medicine and surgery, are now in New York city taking a course of instruction at the New York Post-Graduate School. Dr. Brewer spent some time at Rochester, Minn., and Chicago Ill., while enroute to New York, and altho the opportunities at those two places were good, he said New York surpasses any of the cities yet visited for excellent clinical facilities. The number and variety of cases, both medical and surgical, that daily present themselves for diagnosis and treatment at the great charity clinics of the metropolis, number many hundreds. The New York school is located in one of the congested districts, and has grouped about it eight of the large New York hospitals. Dr. Brewer is taking a

clinical-lecture course in gynecology and operative surgery at the school, and also attending hospital clinics in diseases of the eye, ear, nose and throat, and dermatology. He reports the Roosevelt hospital as being one of the most completely equipped he has yet visited.

On, or about, the first of April, I will move my barber shop and bathroom to the Stayton Hotel.
