

THE GOOD OLD SPRING MEDICINE

New blood—pure, rich in color and full of red corpuscles, and increased circulation—the system thoroughly cleansed of impurities and invigorated. That's what you need this spring—free yourself from the conditions arising from an indoor life—gather renewed energy and vigor for the coming summer months.

Nyal's Spring Sarsaparilla

will make you feel like new

Cleanses the blood and makes it nourish the system—stimulates the liver, kidneys and bladder and assists them in their functions. It will rouse your energy to top notch, brighten the eyes, clear the brain and give you that springy step accompanying perfect health—you will feel it too. You won't enjoy the summer—your work will hang—in fact everything will be unpleasant unless the whole system is cleansed and placed on a new basis.—Nyal's Spring Sarsaparilla will do it—and we never heard of a case where it failed to do as we say. All this for \$1.00—100 full doses to the bottle. We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.
