SELLING WARMLY RECEIVED

Met With Much Encouragement on Recent Trip Through Oregon

During the last ten days, Ben Selling, progressive Republican nominee for United States Senator, has visited Southwestern Oregon and various counties in Eastern Oregon. On these trips he met with much encouragement in his candidacy for the Senatorship. On these trips Mr. Selling did not essay any spell-binding oratory, but plainly told the voters what they could expect of him as a public servant if elected. He refers to his past performances as a consistent progressive as a guarantee that he will "make good" on all promises as United States Senator. Judge Stephen A. Lowell, one of Mr. Selling's opponents for the nomination in the primary election, is loyally supporting the Republican nominee. Judge Lowell accompanied Mr. Selling through some sections of Eastern Oregon and expects during the month of October to visit several other counties in behalf of Mr. Selling's candidacy.

Editor Davey Now Favors Selling.

The Harney County News opposed Ben Selling, progressive Republican nominee for United States Senator, in the primary election, but is now loyally supporting the Portland man. In a recent issue, Editor Davey had the following to say regarding the progressiveness of Mr. Selling:

"No man in Oregon or the United States has a better title to the name 'progressive' than Ben Selling. In every movement for popular legislation and for enlarging the reserve power of the masses, Mr. Selling has been an influential factor, through all the times and struggles when such advocates were in the minority and were the targets of bitter abuse."

Selling a Pioneer Progressive

Progressive is as progressive does. This is just as true as it is concise. It is particularly applicable to the Senatorial contest in this state. The record of Ben Selling, progressive Republican nominee for the United States Senate, during his services of 16 years in the Oregon Legislature, irrefutably stamps him as a pioneer in the progressive cause. He was foremost in the ranks of those who were not only advocating but writing upon the statute books of the state progressive measures when many of the strong-lunged so-called progressives of today were just as active in defending machine rule and opposing every measure of popular legislation.
