## HAVE WE YOUR BANK ACCOUNT?

The bank that a young business man seeks to place his money with is of supreme importance. It has much to do with his chances for success. We are serving some of the largest concerns in the city—but don't hesitate because your balance may be small. Keep a few hundred to the good all the time—show us that you are in earnest and that you do business in the right way.

Then, when you need assistance, we'll be pleased to have you come to us.

We loan money on good real estate to clients of this bank.

## Stayton State Bank

JOB WORK IS OUR SPECIALTY

## SCHOOL NOTES

Basket-ball will be in full swing this week.

The tenth graders are progressing rapidly in their studies.

The reading table is now being used by pupils after lessons.

Miss June Kearns visited the 6th and 7th grades last week.

The 6th grade pupils are working hard at review in fractions.

Mrs. Pratts' has 40 pupils in her room. The attendance is good.

The 7th grade has finished reviewing and is ready for the regular work.

A spelling contest between the boys and the girls of the 7th grade is now on.

Two of the ninth graders are taking up physical geography which is a tenth grade study.

The library has been arranged alphabetically, so that references can be made more conveniently.

The study of famous pictures, which is prescribed by the school law, will begin next week in the 6th and 7th grades.

There are three new pupils in Miss Mack's room, Hilda Rieger, Josephine Lambrecht and Johnnie Lambrecht.

Little Louisa Reiger has started to school in Miss Hollister's room. There were no tardy marks in that room last month.

The pupils of Mr. Nance's room number 53. The order, punctuality etc., has been better this week than ever before. A few new seats have been added to this room but not enough to meet the needs of the pupils.

Last year every Marion county school room that made an average in attendance of 95 per cent or above every month was entitled to a monthly certificate. Last year we won several, and by the end of this term we expect to have nine of them.

The ninth grade is doing good work in algebra, also in other studies. The different rooms are striving to become standard ones. Before a school is standard it must meet the requirements of the law. There are ten of these and as each one is fulfilled it is checked off.
