James G. Heltzel

Republican Candidate For Representative From Marion County

To the Voters of Marion County:

Before the Primaries, I promised the voters and people of Marion County that if I was nominated and elected I would advocate all reasonable progressive policies; measures compelling economy and efficiency in every department of State and County Government; such good roads legislation as will be of especial benefit to rural districts, but preferably without issuing bonds; conservative appropriations for state institutions; that I favored Statement-No. 1, and the election of U. S. Senators by the people; that I was strictly opposed to all schemes for additional taxation, of whatever nature or kind, including the single tax. I am opposed to single tax for the reason that it will throw the major part of the burden of taxation upon those least able to pay. The Farmer, the small land owner and the laboring man who has had the thrift and industry to own his own home are the ones who would have to bear the brunt of the burden of taxation, while the richer class whose wealth is represented largely by stocks, bonds and other securities would be practically exempt from taxation. And now, as the election is approaching, I wish to state to the voters and people of Marion County that if I am elected I will do all in my power to carry out these policies, strictly and literally, together with such other legislation as I shall deem to be for the best interests of the people of Marion County and of the people of the State of Oregon.

Respectfully,

JAMES G. HELTZEL.

George Swegel

Democratic Candidate for Assessor:

I think it only right that the people should know something about the personality of the candidate for assessorship. I have been for 30 years a taxpayer, for 30 years a producer unpledged to any interest. If elected, my purpose is to select competent deputies from the various localities, who will work in harmony with the assessor-elect, to the best interests of the people. As references I can name any business firm in Salem, or any other parties with whom I have had dealing's. I am a farmer and hop-grower by occupation.

Yours for equity,
 Geo. Swegel,
 Salem, Oregon.
