Better Than Spanking

Spanking will not cure children of wetting the bed, because it is not a habit but a dangerous disease. The C. H. ROWAN DRUG CO., DEPT. 1491 CHICAGO, ILL., have discovered a strictly harmless remedy for this distressing disease and to make known its merits they will send a 50c package securely wrapped and prepaid Absolutely Free to any reader of The Stayton Mail. This remedy also cures frequent desire to urinate and inability to control urine night or day in old or young. The C. H. Rowan Co. is an Old Reliable House. Write to them today for the free medicine. Cure your family, then tell your friends.

"Clean Up the Bowels and Keep Them Clean"

There are many remedies to be had for constipation, but the difficulty is to procure one that acts without violence. A remedy that does not perform by force what should be accomplished by persuasion is Dr. Miles' Laxative Tablets. After using them, Mr. N. A. Waddell, 315 Washington St., Waco, Tex., says:

"Almost all my life I have been troubled with constipation, and have tried many remedies, all of which seemed to cause pain without giving much relief. I finally tried Dr. Miles' Laxative Tablets and found them excellent. Their action is pleasant and mild, and their chocolate taste makes them easy to take. I am more than glad to recommend them."

"Clean up the bowels and keep them clean," is the advice of all physicians, because they realize the danger resulting from habitual constipation. Do not delay too long, but begin proper curative measures.

Dr. Miles' Laxative Tablets are a new remedy for this old complaint, and a great improvement over the cathartics you have been using in the past. They taste like candy and work like a charm. A trial will convince you.

Dr. Miles' Laxative Tablets are sold by all druggists, at 25 cents a box containing 25 doses. If not found satisfactory after trial, return the box to your druggist and he will return your money. MILES MEDICAL CO., Elkhart, Ind.

We now have on hand

Good Oak Posts

which we are selling at **15c each.**

In lots of 200 or more they go at

14 cents

Horse, Jack And Sale Bills.

The STAYTON MAIL is especially well equipped to get out this class of work. See us before going elsewhere.

Comparative Digestibility of Food

Made with different Baking Powders

From a Series of Elaborate Chemical Tests:

An equal quantity of bread (biscuit) was made with each of three different kinds of baking powder—cream of tartar, phosphate, and alum—and submitted separately to the action of the digestive fluid, each for the same length of time.

The relative percentage of the food digested is shown as follows:

Bread made with Royal Cream of Tartar Powder:

100 Per Cent. Digested

Bread made with phosphate powder:

68 1/4 Per Cent. Digested

Bread made with alum powder:

67 3/4 Per Cent. Digested

These tests, which are absolutely reliable and unprejudiced, make plain a fact of great importance to everyone: Food raised with Royal, a cream of tartar Baking Powder, is shown to be entirely digestible, while the alum and phosphate powders are found to largely retard the digestion of the food made from them.

Undigested food is not only wasted food, but it is the source of very many bodily ailments.

J. H. Settlemeir, who was the founder of the city of Woodburn died last week in Portland.

The Gold Hill city council has secured a power site and will maintain a municipal plant, says the News.

B. F. Davenport, father of Homer Davenport, the late cartoonist, died at his Silverton home last Thursday.

The protest of certain residents of Scio against having their property included within the city limits, was sustained in Judge Galloway's court last week. The court held that the election at which it was voted to extend the town limits was not complete.

For Sale—One St. Helens incubator, 200 egg capacity. First class working order. For further particulars, phone 1x5, O. V. Myers, Stayton.
