

"I've been selling Studebaker Wagons and Buggies for over 30 years."

"I've sold them because my reputation as a dealer was at stake and from experience I have found that Studebaker means the best."

That tells the story. Farmers bought Studebaker wagons before the Civil war and they have been buying them ever since. Because they had confidence in the name Studebaker and in the sturdy, dependable wagons and buggies they build. And that confidence has been upheld. Studebaker wagons are built on honor and the Studebaker guarantee goes with every one. There's a Studebaker for your needs—whether you live in city, town or country.

tails and labors of one's hands, and with one accord say, "she had done a good work."

"Then tell us, passing o'er life's fragile arch,
"Regard it as a means and not an end,
"As but the path of faith on which we march,
"To where all glories of our being tend."

"She veiled the pictured wind-
"She shut the pearly door;
"She crossed the rapid river,
"And reached the shining shore.
"Singing the songs of triumph,
"Whose echo to us speaks:
"I've found a brighter dwelling place,
"All of you, come and see."

Yes, we know that thou art gone to the home of thy rest, where thy forehead is starred with the beauty that dwelt in thy soul, where the light of thy loveliness cannot be marred, nor thy heart be flung back from its goal. Then why should our souls be so sad?

But what shall we do in all the years
That we must live without thee?
We may teach our lids to hold their tears,
But what of the fond and loving fears
That must move our hearts about thee?

CITY COUNCIL MEETS

The City Council met in regular session Tuesday night. After the usual routine business of reports of committees, passing on petitions, bills etc., the subject of an ordinance to define and restrain Mr. Common Drunk was disposed of. In other words an ordinance was passed making it possible for a person to get on the "black-list."

If anyone really wants to know the exact conditions of the aforesaid ordinance, he will have to ask the recorder where it is posted, as the city cannot afford to have the same published as other towns do.

HOGS! HOGS! HOGS!

Will ship a car of hogs from West Stayton Saturday March 8th, also one on Tuesday March 18th, and from West Scio Tuesday March 25th. Am paying top prices and if the producer will stop to figure on shrinkages in dressing, he will find that he cannot afford to dress and ship fat hogs to the Portland markets at the present prices of live stuff.

If you have any hogs that will be ready for the market at either of these dates drop me a card at Stayton if you wish to deliver there or at Scio if nearest to that point, or phone me at the Stayton Cash Produce Co. Will call and see your hogs. J. D. Deansmore, 3-13

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

THERE ARE POINTS ABOUT LUMBER

that only an expert can know. But you do not need to be an expert if you buy your lumber here. Builders of experience tell you that they can send their most ignorant laborer here for lumber with a certainty that he will come back with the right kind and quantity. So can you. Prove it by trial.

Feed Dr. Hess' Stock Food

Feeding Dr. Hess' Stock Tonic is just like applying fertilizer to the soil. Fertilizer makes the soil yield; Dr. Hess' Stock Tonic makes the digestive organs convert more feed into growth. Sometimes 50% of the food a healthy animal eats is found undigested in the manure. If this were not true, how could we fatten our hogs on the corn that passes through the other stock undigested? Feeding medicinal ingredients will reduce this waste. Every medical writer in the universe says so.
