SEVERAL LETTERS WRITTEN BY WEST

Governor West has written several letters to Stayton recently, one to constable Henry Smith and one to the mayor and council of the city. The Governor alleges several violations of state laws and intimates that a general cleaning up would be conducive to longevity in office of the aforesaid officials. These letters have been published in some of the state papers and are not exactly good advertisement for Stayton.

At the council meeting last Tuesday night a resolution was entered instructing Mayor Beauchamp to answer these charges and explain to the bellicose Governor that violators of the law are punished in Stayton at least on a par with those of the Capital City. If possible we will publish the letter in full next week.

Finds Cure for Epilepsy After Years of Suffering

"My daughter was afflicted with epileptic fits for three years, the attacks coming every few weeks. We employed several doctors but they did her no good. About a year ago we heard of Dr. Miles' Nerveine, and it certainly has proved a blessing to our little girl. She is now apparently cured and is enjoying the best of health. It is over a year since she has had a fit. We cannot speak too highly of Dr. Miles' Nerveine."

MRS. FRANK ANDERSON, Comfrey, Minn.

Thousands of children in the United States who are suffering from attacks of epilepsy are a burden and sorrow to their parents, who would give anything to restore health to the sufferers.

Dr. Miles' Nerveine

is one of the best remedies known for this affliction. It has proven beneficial in thousands of cases and those who have used it have the greatest faith in it. It is not a "cure-all," but a reliable remedy for nervous diseases. You need not hesitate to give it a trial.
