

Studebaker

"When I invest in a wagon I buy a Studebaker, then it's a safe investment"

Of course it is! Studebaker wagons are built on honor, with sixty years of wagon-building experience—and with every wagon goes a Studebaker guarantee.

You can't afford to have a dealer sell you some other wagon represented to be "just as good."

If you want a wagon that will last, run easily and stand up to its work, there is only one wagon to buy—and that's a Studebaker.

Don't trade ten extra years of service for a few dollars difference in price.

Studebaker wagons are made to fit every requirement of business or pleasure, in city, town or country.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J.
