

**Studebaker**

**"I've had my Studebaker 15 years—and not a cent for repairs"**

A word of just praise for a wagon that has done its work faithfully and well.

Men become attached to their Studebakers—proud of them.

Because they realize that a Studebaker is built on honor and with an experience in wagon building that dates back to 1852.

Studebaker wagons are a result of that long experience, coupled with a desire to build the best wagons, not cheap ones.

And when your dealer says "Buy a Studebaker—there's no better wagon made" he's giving you the verdict of a million farmers. He is not asking you to try an experiment.
