### BRIEF NEWS OF OREGON

George Bingham, a prominent business man of Oregon City, was mistaken for a deer near Trall and was shot and killed.

The senate, after a bitter fight confirmed the nomination of Frank Mo-Manamy of Portland to be chief inspector of locomotive boilers for the interstate commerce commission.

Governor West has honored a requisition for the return to Kankakee, Ill., of Samuel Perlin, accused of operating a confidence game.

A vinegar plant with an annual capacity of 10,000 gallons, began operation at the Eugene Fruit Growers' association cannery, turning to a profit cull apples that heretofore have been entirely wasted.

Fifty Roseburg merchants have formed a company, known as the Roseburg Stamp company, incorporated, the purpose being to conduct trading stamp business to meet the competition of foreign trading stamps.

Senator Chamberlain will endeavor to induce the war department to withdraw the plan of having Sand Island ceded to Oregon. The senator held a conference with Major McIndoe, who is now in Washington.

Senator Lane has been advised by the commissioner of the general land office that a survey has been completed and accepted of three townships in Lake county, which will permit the opening of these lands for entry about the last week in November.

With apparently not the slightest fear, but protesting their innocence to the last, Mike Spanos and Frank Seymour, slayers of George Dedaskalou of Medford, went to their deaths calmly on the scaffold at the state penitentiary.

Representative Hawley has been advised by architects of the treasury department that plans for the new federal building at Medford have about reached completion, and that this building will soon be ready to submit for bids.

Senator Lane saved H. F. Ferry, a doorkeeper at the government printing office, his job. The man had been dismissed for showing the president's wife through the offices without first bringing her direct to Public Printer Ford.

The Parelius Manufacturing company of Portland, which has the contract for the interior furnishings of the new supreme court building at Salem, has been notified by Labor Commissioner Hoff that it must not work its employes more than eight hours a day.

Superintendent of Public Instruction Churchill has announced that the thirtieth annual convention of the Oregon State Teachers' association, Eastern division, to be held in La Grande, November 24, 25 and 26, will be the most important in the history of the division.

Senator Lane is preparing a bill directing the grant of 250,000 acres of public land to the state of Oregon, the same to be sold at no less than \$4 an acre, and the proceeds applied to construction of public roads. He will probably frame the bill giving California and Washington similar grants.

Senator Chamberlain has introduced a bill granting Oregon 4239 acres of swamp lands in townships 37, 38 south, range 10 east, Willamette meridian, heretofore considered Indian lands. He has also introduced a bill authorizing a preliminary examination and survey of the mouth of the Umpqua river.

A hay shortage threatens Wallawa county before spring. Diversified farming has led to the production of slightly less hay in the southern part of the county than in the old days, before the railroad came. Now stock feeding is developing on a considerable scale, and all the hay available will be needed for this purpose.

L. L. Haines, a rancher of Eckley, Curry county, was shot fatally by his brother-in-law, Hugh Hampton Haines, who is unmarried and about 40 years old, has shown signs of insanity. He attacked a sister at one time, beating her severely, and this is presumed to have caused the shooting.

An industry that promises much future development recently has been launched in the unfrequented sections of central and southern Oregon by the Oregon Borax company, a subsidiary of the American Soda Products company of Portland and San Francisco. The project is an extensive and an important one. It provides immediate development of the soda deposits in Alkali lake, Lake county. It is said that these deposits now are in the form of carbonate of soda—a product that enjoys a ready market.

During the week beginning November 10 competition for the trophy to be presented by the bankers of Oregon to the best company in marksmanship of the Oregon National guard, will be held on general order just issued by Adjutant General Finzer. It must be competed for annually. It will be awarded to the company getting the highest percentage on a basis of 33 1-3 of the enrolled strength of the company at the date of last muster.

Department of the Interior United States Land Office, Portland, Oregon, October 13th, 1913.
