A huge Spitzenberg apple about 30 feet in diameter and 18 feet in height will be constructed and on the interior will be a life-like panorama of the Hood River valley with its orchards and flowing streams and with the electric effects that will be installed it will present a novel effect. It is estimated that the apple and its interior panoramic display will cost several thousand dollars.

Private Salmon Hatchery Operated.
The Dalles.—F. A. Seufert, Sr., of the Seufert Brothers' cannery, has installed a salmon hatchery which is being used in restocking the Columbia River. The canneryman has constructed a dam across Fifteen Mile creek, which flows into the Columbia near the big cannery. The dam makes a large pond where the hatching is done. The plant now is turning out from 100,000 to 200,000 fry each day, the variation being caused by the difference in climatic conditions.

Would Oust Mayor and Officials.
Baker.—The state of Oregon through District Attorney Godwin, has brought suit against all municipal officials of the town of Cornucopia, Baker county, including Mayor Robinson, members of the council, recorder, treasurer and marshal, seeking to have them removed from office, alleging that irregularities in charter election, makes it invalid and illegal. It holds that incumbents illegally usurped offices and asks court to oust them.

ROAD PLANS NOT MADE State Highway Improvements Not Decided Definitely.

Salem.—Although the state highway commission has not decided upon a definite plan as to how all the money raised for state highway improvement under the law passed at the recent session of the legislature creating the commission should be expended, it has made arrangements to begin active work about June 1, when the money for next year will become available. The commission has decided to expend part of the money in providing supervision of road construction by county courts, when desired, and the remainder will be used either in building an experimental thoroughfare to determine the merits of the various hard-surface pavements, or in building a stretch of the Pacific Highway between this city and Portland.

The commission has decided that all work done by it shall be hard surface, the law providing that durable roads shall be constructed.

Flax Mill is Favored.
Oregon City.—Farmers of many parts of the county and valley are interested in a proposition to erect a \$200,000 flax mill in Oregon City, and many of them have promised to sign agreements to produce the material in case the city raises \$50,000 required and obtains the mill.

WARSHIP PRINTS NEWSPAPER

The other day the editor of the Mail was the recipient of the "Weekly Rough Log" a newspaper printed on Uncle Sam's warship "Helena," stationed at Shanghai, China. Among other things we note that the men are given plenty of spare time immediately after pay day, so that they can spend their money quickly and thus be in shape to stick to their job indefinitely. Good scheme isn't it? By the way the "Rough Log" is printed on a post card.

HOW TO AVOID COLD WEATHER DISEASES

To prevent cold weather diseases, put your body into a proper healthy condition to successfully resist them. Colds, grippe, bronchitis, pneumonia, catarrh, typhoid fever, rheumatism and other ailments may be escaped in most cases, if this is done. Build up your health and strength—your nerves and blood and entire body—into such shape that you can count on good health all during the winter months—by taking Rexall Olive Oil Emulsion, the ideal blood, nerve and body builder.

This is a remarkable medicine, but a common-sense one. It doesn't stimulate. So-called "tonics" that stimulate give you no permanent relief; but leave you worse off than before. Rexall Olive Oil Emulsion contains none of these harmful, stimulating ingredients, such as alcohol and dangerous and habit-forming drugs. Its great benefit to you is through its real nerve and blood and body-building effects. It nourishes, builds, strengthens. Its merit does not rest on making you feel better for a few minutes at a time after taking it, but on making you feel better as a result of making you well.

Rexall Olive Oil Emulsion is the ideal blood and nerve-food tonic. You who are weak and run-down, and you who are apparently well now, but are liable to suffer from various cold weather ailments, use Rexall Olive Oil Emulsion to get and keep well and strong. For the tired-out, run-down, nervous, emaciated or debilitated—the convalescing—growing children—aged people—it is a sensible aid to renewed strength, better spirits, glowing health.

VILLA HOSTILE TO FOREIGN RESIDENTS

Mexican Rebel Leader Seizes Property and Makes Un- reasonable Demands.

El Paso, Tex.—Americans, Germans and Spaniards, who arrived from Chihuahua, Mex., report that Francisco Villa, the rebel leader, virtually had constituted himself dictator there and that he refused to heed the requests of representatives of foreign governments.

They asserted that the rebel leader had seized \$5,000,000 worth of property belonging to foreigners; had put to death about twenty Mexican civilians, and had commanded the American, German and British consuls to obey rebel orders.

Villa seized a large department store valued at \$1,500,000 and owned by French, German, English and Spanish interests.

He also seized a brewery, a clothing factory and all the grocery and other stores owned by Spaniards, valued at \$3,500,000. He called a meeting of merchants of all nationalities and told them they must pay him sums of money, aggregating several million dollars, to support the revolution.

Villa's expulsion of citizens of Spain all of whom were progressive merchants, was on pain of death.

VOYAGE PROVES EFFICIENCY

9000-Mile European Trip Made On
Supplies Carried.

New York.—The battleships Wyoming, Arkansas, Utah and Florida came into port here after passing through a five-day gale which marked the end of their voyage of 9000 miles.

These vessels were part of the fleet which left Hampton Roads October 25 for the Mediterranean on a voyage of courtesy and to demonstrate that a squadron of United States battleships could cross the Atlantic and return without being forced to depend on foreign ports for supplies.

Nine battleships composed the fleet, and not an ounce of coal, oil or provisions was purchased in the seven weeks or more they were absent from American shores.

Washington Express Tax Law Falls

Olympia, Wash.—The state supreme court affirmed the decision of the Thurston county superior court, declaring unconstitutional the law passed in 1907 imposing a 5 per cent gross revenue tax on the state business done by express companies operating in Washington.

WALLACE POSTOFFICE ROBBED OF \$17,000

Wallace, Idaho.—Without leaving as much as a finger print as a clue, burglars robbed the local postoffice of a little more than \$17,000 and apparently made good their escape.

When the postmaster and clerks arrived in the morning nothing unusual was noticeable around the office. The safe being locked apparently the same as it had been left the night before. Postmaster Presley quickly noted the disappearance of the three registered packages and a hurried investigation followed, revealing the fact that they were missing and robbery had been committed. A thorough search of the office and all doors and windows did not reveal a single clue, as apparently they had not been molested. The safe had been opened without a scratch being made and had been carefully relocked, the only thing noticeable being that the inner door had not been locked.
