SALEM WOOLEN MILL STORE, SALEM, OREGON

Everett Crabtree returned home from a trip to Washington and Eastern Oregon one day last week.

Geo. Spaniol of this city and proprietor of the Eureka Flouring Mills, was awarded a contract for 850 or more barrels of his Cook's Delight flour by the state. The contract will extend over a period of six months. The flour is to be used in the various institutions.

STEPS ARE TAKEN TO APPLY MONEY LAW

New York.—The task of setting up the machinery which is to prevail in motion of the new banking system of the country was taken up here by the federal reserve organization committee consisting of Secretary McAdoo, of the treasury department, and Secretary Houston, of the department of agriculture.

On this committee devolves the responsibility of mapping out the regional reserve districts and locating a bank in each.

The majority opinion of the witnesses at the hearings favored the creation in New York of a regional bank of such magnitude that it would absorb 40 to 50 per cent of the \$106,000,000 capital available for the entire system of the country.

Secretary McAdoo suggested that such a huge bank here would overshadow the other regional banks, of which, according to the law, there must be at least seven. The reply was made that a bank of such size was needed here in order that it might command the respect of European bankers and hold its own with the great individual banks in New York.

Wave Strips Man of Coat.
Newport.—An unusually high tide occurred here. An unidentified man was caught in the surf near Jumpoff Joe, his overcoat was pulled off and with it he was washed high on the bank, escaping uninjured.

Baker Has \$10,000 Fire.
Baker.—The big storehouse of the Baker Co. was destroyed by fire. The loss is \$10,000, covered by insurance.

A HOME FOR YOU

Now is the time to make new year's resolutions, resolve to own a piece of land close to town where you can have all the town advantages without the town taxes, where you can keep a team, a couple of cows, a flock of chickens a pig ortwo and have a garden.

I have cut my place into five acre tracts and will place them on the market January 1, the price is \$750 per lot (5 acres) only \$250 down and balance \$100 per year with interest. All of these lots lay within 3-4 mile of the Stayton post office and most of them closer. Some of this land is seeded to clover and some to oats.

With the price of meat, eggs, butter, vegetables and rent going higher each year, don't you think it would be a good plan for you to own a few acres where you can raise all you can use an some to sell. There are only seven of these lots (we are reserving one or two of them.) Come over and let us show you these tracts and talk it over with you. W. R. Jephcott Stayton, Oregon.

J. F. Richards and wife of Fern Ridge were Stayton visitors Saturday.

Jno. Amort, wife and son of Macleay spent New Year's with relatives and friends here.

WILL MOVE INTO NEW BUILDING

Chas. Cladek will move into his new and commodious Blacksmith Shop and Garage on Fourth Street on Monday January 19.

The new building is 55 x 75, divided into two rooms, and built out of reinforced concrete. Mr. Cladek has installed new down blast forges and expects to put in more and additional machinery in the near future.

There will be no inexperienced hands in the new Chas. Cladek Garage and Blacksmith Shop. The public is invited to come and inspect these new quarters where only Expert and Up-to-date Horseshoeing is done. New and better repair work will also be possible in this new shop where plenty of room will give a chance for a quicker job.

Gasoline will also be handled by the new shop and air pressure is being considered in the future. (pd. adv.)

Respectfully Submitted,
J. M. Ringo,
Treasurer for the Town of Stayton

The following statement will be of interest to all taxpayers in the city of Stayton.

On January 1, 1912, the time Mayor Beauchamp and the present council took charge of the city's affairs, there were outstanding warrants with interest to the amount of \$6457.50, besides a deficit of nearly \$900 in the water fund. During the past two years, 1912-13 this has all been paid off together with water extensions to the amount of \$1384.

While it is true that there is mighty little money in the city treasurer's hands today, the city is entirely out of debt.

With a few more prosperous years, a New City Hall might be in sight. Anyhow the city government starts off without that load of debt that marked the administration's efforts two years ago.
