The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

THIS NEW MEDICINE SAVES YOU MONEY

We are druggists right in your town and make a living out of the drug business, but it is because people have to have drugs and not because we like to see people suffer—we don't. Our duty is to render the best service we can, and when someone is ailing, we are interested in seeing them take the best medicine there is for their particular trouble. We don't recommend "cure alls," as we don't believe there are such things. We don't want you to spend more than you have to. Some of you get small wages, and when you're sick, none at all, and you should get the most you can for your money.

We recently came across a new remedy for increasing strength and building up people who are run-down and emaciated. We know that a slight trouble sometimes grows into a serious one, and to stop it in the beginning, will save you money in the end. This new compound is called Rexall Olive Oil Emulsion. It is the best remedy, when you are run-down, tired out, nervous—no matter what the cause. It doesn't merely stimulate you and make you feel good for a few hours, but takes hold of the weakness and builds you up to a healthy, normal condition. It is a real nerve-food tonic and builder of good blood, strong muscle good digestion. It contains Hypophosphites, which tone the nerves, and pure Olive Oil, which nourishes the nerves, the blood and the entire system. Pleasant to take. Contains no alcohol or habit-forming drugs. We promise that if you are not perfectly satisfied with it, we'll give back your money as soon as you tell us. Sold only at the 7,000 Rexall Stores, and in this town only by us. \$1.00—Beauchamp's Drug Store, Stayton, Oregon.

Claude Waters has traded his property in the north part of town to L. E. Volgamore of Silverton, for farm land near Selling Oklahoma.

All accessories, repairs, tires, etc. carried in stock.

ROUND-UP DATES ARE SET EARLY

Dates for the 1914 Round-Up were definitely selected as September 24, 25 and 26 by the board of directors. This early action was taken at the urgent request of the eastern railroads who have agreed to put the Round-Up on as an additional drawing card for their regular fall home-seekers' excursion in order that they might have plenty of time to get their literature printed and distributed over the country and get it into the hands of the prospective home-seekers. As the Round-Up, especially during the past two years, has drawn heavily from the east and middle west, the railroads have taken advantage of this and are combining it with regular colonist rates. After trying out nearly every week in September during the past four years the management has become firmly convinced that the last week in the month is the best time for staging the Round-Up and have selected it permanently.
