FINDS HEARSE AT STATION.

Woman Supposed to Be Dead Changes Plans For Funeral.

Bellefontaine, O.—When Mrs. George W. Carr of Yellow Springs alighted from a train at West Liberty recently she was surprised to see a hearse, an undertaker and carriage, one being occupied by her mother and a clergyman, awaiting her coming. She found she was supposed to have died and that the hearse was to take her body to West Liberty cemetery.

A mistake in a telegram was the cause. Mrs. Carr's mother, Mrs. Elizabeth Shumate, received a telegram saying Mrs. Carr had died Monday night and that the body would arrive at West Liberty.

Mrs. Shumate had received a letter previously in which Mrs. Carr said she would visit her mother. Mrs. Shumate was prostrated when the supposed death message came. Her husband died suddenly a year ago, and her son passed away without warning recently, and she supposed her last remaining child was also dead. When Mrs. Carr stepped from the train alive and well there was a pathetic reunion.

Many friends of Mrs. Carr were also at the depot, for the village newspaper had published a column obituary notice.

PORCUPINE TO BE DISPLAYED

Another of Perry's Ships Discovered and Fitted Up.

Cleveland.—The Porcupine, another vessel of the fleet which, under Commodore Perry, defeated the British fleet in the battle of Lake Erie in the war of 1812, has been discovered and is being repaired to take part in the centennial celebrations of Perry's victory.

Raised from the shore of the lake eight years ago and hauled ashore by Charles G. Boltzhouse, the Porcupine is being refitted by Mr. Boltzhouse and his cousin, B. J. Renner, of Cleveland.

After the battle of Lake Erie the Porcupine was used in the government revenue service on the great lakes until 1830, when she was sold at auction to Senator Perry of Michigan. Senator Perry rebuilt the boat and used her in the lumber trade until 1847. Unfit for further use, the Porcupine was turned adrift and later floated into the harbor of Grand River, Mich., and sunk.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. COMMITTEE ATTENDS SALEM ROAD MEETING

J. W. Mayo and Geo. Keech were the two who attended the Road Meeting at Salem last Saturday. Over one hundred delegates from different parts of the county were there.

The campaign committee was appointed to confer with the County Court in selecting the roads to be improved. The committee is: Hurley Moore of Woodburn, Dr. C. Keene of Silverton, W. H. Downing of Sublimity, Dr. W. W. Allen of Jefferson and T. B. Jones of Salem.

All kinds of roads were discussed but hard surface was most in favor.

The people in the East end of the county are pulling for a road from Turner to Mehama via Aumsville, Sublimity and Stayton and if this is not granted it is quite probable that every man and woman too will vote against the bond issue.

As the Stayton Mail has said on several occasions before, we are in favor of the bond issue if we get our concessions if not, we are absolutely against it.

This question of the roads to be built will be threshed out before the County Court by this committee. Let everyone work for a Turner-Mehama road and if we don't get it we all know what to do.

TELEPHONE COMPANY MET LAST FRIDAY

The Stayton Mutual Telephone Company met at the City Hall last Friday evening to decide on the question of buying a home for the switchboard.

After considerable discussion the question was put by roll call and every member present voted to instruct delegate Henry Smith to vote at the Switchboard meeting next Saturday for the proposed buying of a home.

The question of incorporating was again discussed, and the committee on same stated that nothing had as yet been done, as there was a movement on foot to incorporate under one head and thus save corporation fees, corporation tax etc.

We understand that quite a number of the lines are willing and ready to incorporate in this way, however, the question will come up at the meeting Saturday and perhaps at least 10 or 15 of the lines can get together under one head.
